BROOKLYN LEADING FINAL GAME

Brain Wave Study Bared

Mental Disorders Seen Traced To Childhood Virus Infections

CHICAGO (AP)—A possible clue to the cause of some types of epilepsy, cerebral palsy, spastic paralysis and feeble-mindedness was reported today by a team of University of Illinois researchers.

Dr. Frederic A. Gibbs and two colleagues said new findings with a "brain wave" machine suggest the possibility that certain neurological disorders of unknown cause may be late results of common virus infections of childhood.

These include measles, mumps and whooping cough. The team reported to the 24th annual meeting of the American Academy of Pediatrics.

The new studies "re-emphasize the need for finding improved preventive measures for common viral infections of childhood," Dr. Gibbs said, adding:

"Some important advances already have been made. And recent advances in the prevention of polio justify hope that prevention in the whole field of viral diseases will eventually be greatly improved."

THE RESEARCHERS said they had found evidence that encephalitis, or brain infection, commonly occurs in "supposedly uncomplicated cases" of measles and other virus infections of childhood.

The evidence showed up, they said, in "brain wave machine" studies of 700 children at Chicago's Contagious Disease Hospital.

They said that "fortunately" the number of cases in which the brain infection persists is small.

But they added that in such persistent cases, convulsive seizures and neurological defects may show up several years or more after the child has recovered from his childhood virus disease.

In their report, made at a scientific exhibit at the academy meeting, the researchers said:

"By studying different types of virus infection and working with the youngest age groups it may be possible to pin the blame for some types of epilepsy, cerebral palsy, spastic paralysis and feeble-mindedness on virus infections occurring in childhood."

They said the "brain wave" machine offers a valuable aid to such work because, for one thing, "It makes the cerebral disorder evident, even when it is in a clinically silent phase."

Contributors To Fund Reminded Red Feather Display Important

House of "house" solicitations began in the residential sections today as the first Community fund drive in Pickaway County history opened up another notch toward all-out momentum.

Simultaneously, spokespersons for the county-wide drive issued an urgent appeal for all contributors to "show the red feathers" as soon as they have made donations.

Dr. G. D. Phillips, chairman of the Fund's pioneer drive, has stressed frequently that those who have already contributed are not to be approached by solicitors again during the current campaign. However, he warned that the contributors themselves will have to cooperate in this regard by showing the red feather given in return for any and all donations.

When a solicitor sees no red feather, he or she has to assume that the person, family or firm has yet to contribute, Dr. Phillips explained. And this at times will lead to a duplication of solicitation.

SHOWING the red feather, he added, will not only avoid needless bother for the contributor, but also will make the job of the Fund workers easier.

Mayor Bob Hedges has proclaimed today and tomorrow "Community Fund Days," thus marking the stage when the campaign begins to roll full steam. Fund activity will continue through most of the first two weeks of the month.

The Community Fund drive this year is aimed at a goal of \$25,000. The participating agencies so far, and the percentage of their share, are as follows:

Pickaway County Red Cross, 48 percent; Boy Scouts, 14 percent; Salvation Army, 12 percent; Pickaway County Youth Canteen, 10 percent, and Girl Scouts, 6 percent.

Research Slated For Coal Mine Water Pollution

COLUMBUS (AP)—First step in setting up a research project to study possible methods of handling pollution caused by acid mine drainage is today.

The Ohio Water Pollution Control Board authorized a Pittsburgh scientist to go ahead with a preliminary survey of Raccoon Creek which enters the Ohio River near Gallipolis. The creek is polluted by coal mine drainage.

The last Ohio Legislature gave the control board \$30,000 to cooperate in the project, which the Ohio Coal Industry Pollution Committee has agreed to finance.

A representative of that committee told the board today that Dr. S. A. Braley of the Mellon Institute in Pittsburgh will set up the study, after the preliminary survey. The institute has been active in such work.

So far a satisfactory methods that are also economical have not been found to handle this type of pollution.

Pope Urges Golden Rule On Highways

CASTEL GANDOLFO, Italy (AP)—Pope Pius XII today urged motorists to use the Golden Rule on the road—do as you would be done by.

The 79-year-old head of the Roman Catholic Church spoke to road experts from all parts of the world, in Rome, for the second world meeting of the International Road Federation.

More than 1,000 of the delegates attended the special audience given by the pontiff at his summer residence here. He urged his listeners to devote their energies to cutting down the traffic toll.

French Battle Berber Tribes In Morocco

New Rebel Uprisings Grow; One Village Completely Sacked

RABAT, Morocco (AP)—Reinforcements poured out of Fez toward the Spanish Moroccan border today to put down a Berber rebellion which has driven the French from one post and threatens others.

The little post of Immozzer-Des-Marmouche, 65 miles southeast of Fez, was abandoned after 11 Europeans were killed in a surprise attack early Sunday.

About 60 rebels launched a new attack this morning against the French post at Taforalt, 40 miles from Oujda near the Algerian border. They were driven off.

The attacks apparently were by tribesmen who want exiled Sultan Mohammed Ben Youssef returned to the throne.

The French predicted the disturbances after the U. N. Assembly voted to support the Asian-Arab request to discuss the Algerian question. Foreign Minister Antoine Pinay said it would only encourage the Nationalist rebels.

France considers Algeria a part of metropolitan France.

THE TROUBLES were so widespread they promised to test the capacity of France to handle them. Virtually all France's fighting forces are in North Africa.

Recently approximately 60,000 more Frenchmen were called back to the colors, and yesterday a new call was issued in Algeria to muster reservists.

The sacked village of Immozzer-Des-Marmouche is scene of desolation and suffering.

Dead and wounded lay in a caravan of dust-caked cars headed for Fez. In the first ambulance was Capt. Chauvassier, one of the survivors of the Immozzer garrison. He climbed painfully out of the ambulance with help.

His face showed the pain of his wounds and grief from the

Wichita Falls Families Flee Before Flood

WICHITA FALLS, Tex. (AP)—Flooding creeks and rivers chased 50 families from their homes early today and police said evacuation of hundreds more continued.

The evacuation before the rampaging water was affected by National Guardsmen, the Red Cross, auxiliary police and U.S. airmen.

"We're really going to have trouble," said Jim Andrus, a police radio dispatcher, who said water was "rising rapidly all over."

Chief Forecaster E. A. Moore said the flood in the north Texas town would be greater than the 1950 one which caused 500 families to flee their water-covered homes.

The swollen Wichita River, reported rising at a 4-inch-per-hour rate, was well past a 20-foot flood stage and still going up, police said. The crest was not expected until tonight or tomorrow.

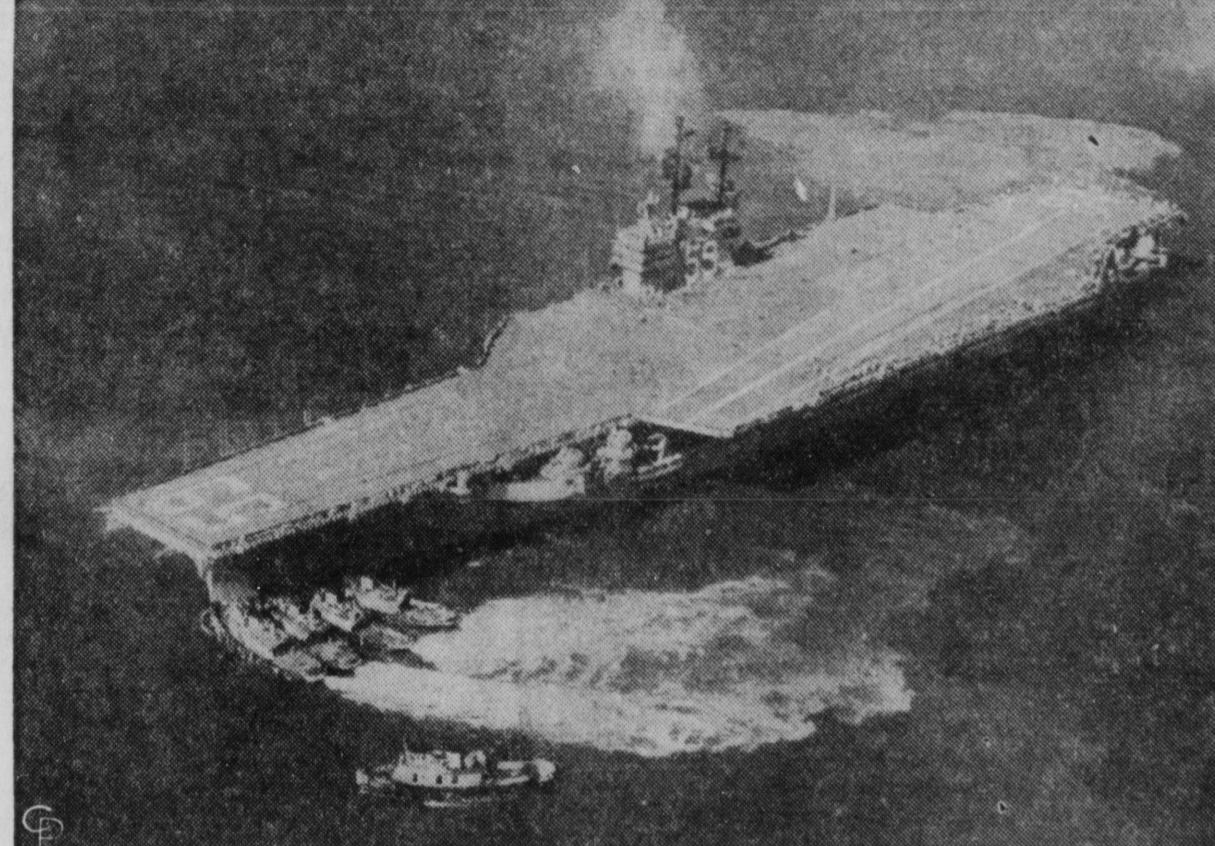

Red Cross refugee centers set up in four strategic points of the city of some 75,000 persons were filling up fast.

Most of the water came from swollen Holliday Creek and the Wichita River, officials said, but the worst was feared still ahead. Andrus said heavy rains in Oklahoma were putting the Red River at flood stage north of Wichita Falls and it was probable that the Red's flood would back up waters of Holliday Creek and the Wichita River over low-lying areas in Wichita Falls.

U. S. 'Wish Books' Popular Overseas

WASHINGTON (AP)—Mail order catalogues, showcases of widely varied American consumer goods, have made a hit with foreign nations who visit overseas libraries of the U. S. Information Agency.

Thus, USIA announced today, it is sending copies of the latest fall catalogues to its 225 overseas posts where they have proved to be in such demand. USIA said some 3,500 copies of one company's "wish book" already have been shipped.

THIS IS AN AERIAL VIEW of the newest, huge aircraft carrier USS Forrestal as she left the dock at New Point News, Va., to begin U. S. Navy acceptance trials. Veteran Navy officers later praised her performance. She joined the fleet last Saturday.

Sun Powering New Phone Line

Georgia Experiment Labeled As Success

AMERICUS, Ga. (AP)—The sun furnished a rural telephone line with power here today.

George L. Mathews, a farmer, placed the first call on electricity supplied by a solar array put into use here by Southern Bell Telephone and Telegraph Co.

Bell engineers switched solar power into the rural telephone system in this community, 135 miles south of Atlanta.

The sacked village of Immozzer-Des-Marmouche is scene of desolation and suffering.

Dead and wounded lay in a caravan of dust-caked cars headed for Fez. In the first ambulance was Capt. Chauvassier, one of the survivors of the Immozzer garrison. He climbed painfully out of the ambulance with help.

His face showed the pain of his wounds and grief from the

Baby's Kidnaper Indicted By Jury

SAN FRANCISCO (AP)—The San Francisco County grand jury has indicted Betty Jean Benedicto, 26, for the kidnapping of 2-day-old Robert Marcus from Mt. Zion Hospital.

Conviction carries a possible penalty of 1 to 25 years.

HONG KONG (AP)—Reports reaching here from Canton say the Red Chinese have convicted 13 persons of spying for Nationalist China and sentenced 9 of them to die.

Tibetan In U.S.

NEW YORK (AP)—Buddhist leader Denpa Rabache Tagster, 32-year-old brother of the Dalai Lama of Tibet, has arrived here to seek American citizenship. He fled Communist-controlled Tibet in 1950.

He is seeking political asylum in the United States.

PHILADELPHIA (AP)—Allen Dulles, director of the Central Intelligence Agency, estimates that Soviet expenditures in training, support and operation of its over-all subversive mechanism may approach 10 per cent of its expenditures on its over-all armament program.

Dulles made the statement yesterday before the 62nd annual conference of the International Assn. of Chiefs of Police.

THE ARMY has about 2,000 young men so far have signed up for this reserve training. The Marines did not have information on their reserve enlistments to date.

The National Guardsmen, who will take six months active training, enrolled under a provision that enables them to complete their military obligations in eight years instead of having to serve until they are 28.

The trainees were assigned to Ft. Jackson, S. C.; Ft. Knox, Ky.; Ft. Leonard Wood, Mo.; Ft. Bliss, Tex.; and Ft. Ord, Calif.

Dogs Proving As Successes In Michigan Police Work

PHILADELPHIA (AP)—Four German shepherd dogs, which at a command will jump through a plate glass window, are being used in an experiment that may prove the solution to the shortage of police officers in many of the nation's communities.

The experiment, first of its kind in city police work according to Commissioner Margurite C. Johnson of the Michigan State Police, is being conducted in her city of 120,000.

"So far," she said, "we think the experiment is terrific."

"Instead of having two police-

men on a beat, we can send out a dog and an officer," she said.

"The dog, if commanded, will

jump through a plate glass window, flush out a suspect and dis-

Drunken Sailor's Scow Just Goes Round And Round

MIDDLETOWN (AP)—Ed Helton floated into city jail the other night, aided by a scow, a paddle and a bottle of wine.

It all started when the 50-year-old houseboat dweller started home after an evening of what police describe as "sociable imbibing" on the south bank of the great Miami River.

Ed's houseboat is anchored on the north bank and he uses a weathered scow to ferry himself between the two shores. But his navigational skill lessened as his wine bottle emptied and the mariner paddled vigorously in circles.

Rescuers towed Ed to shore, where he was arrested for intoxication.

Logan Selected For New Factory By Carborundum

LOGAN (AP)—The Carborundum Co., one of the world's foremost manufacturers of abrasives, has purchased a site for a multi-million dollar plant in Logan.

Gen. Clinton F. Robinson, president of the firm, announced from Niagara Falls, N. Y., that a 50-acre site had been selected for a plant to be used in the manufacture of abrasives.

The site is on the east edge of Logan, adjacent to the C&O Railroad and U. S. Route 33.

Brown and Matthews, general contractors of New York, will start work immediately. Plans call for the plant to be in operation in the last quarter of 1956.

General Robinson said that the new local plant would have a payroll of from 200 to 300 persons.

THE GOAL is to generate enough current at intervals of bright sunlight to form a battery backlog sufficient for continuous operation of the telephone circuit.

The battery has no moving parts or corrosive chemicals and should last indefinitely. If it operates the telephone circuit satisfactorily, Bell scientists think it might be used economically for other communication purposes where commercial power is unavailable.

Outlook Gloomy For Ordinance On Sewer Rate

Council Meets At 8; Another Measure Sets Speed Limits

An ordinance that would over-haul and boost Circleville's sewer rates appears headed for defeat when city council holds its regular meeting tonight.

But it seemed even more certain that the problem it represents will continue to grow, especially in this year of the municipal elections. The measure up for final reading in council would base sewer rates on the amount of water used — an arrangement widely used in Ohio but never tried in Circleville.

Even some of the measure's foremost backers fear it is doomed, at least in its present form. Leading opposition to the ordinance is Councilman John Robinson, who declares an increase in sewer rates is unnecessary.

The plan was drawn up as a means of financing at least part of a badly needed sewer extension and modernization program.

THE lawmakers tonight will also probably hear first reading on an ordinance designed to make city law conform with state statute on speed limits inside the corporation. Some members expressed surprise last meeting when told that the speed limit for heavy-traffic thoroughfares like Pickaway, Washington and Mound streets is 25 miles an hour.

Council likewise may be ready to name a successor for Ray Cook, who recently resigned as councilman from the second ward. Cook has moved his home from Circleville.

Prominently mentioned for the vacancy is Lee H. Cook. On the municipal elections ballot in November he will be unopposed for the second ward job. And like Ray Cook, he is a Democrat.

MARKETS

GRAIN FUTURES

CHICAGO (AP) — A private crop forecast reducing estimated soybean production helped to send soybeans spiralling up several cents on the Board of Trade today.

The upturn in soybeans was not matched by other cereals, although they tended to firm late in the day after having sold below the previous close throughout the session.

Wheat closed 3 1/2 cents lower, December \$2.02 3/4, corn 1 1/2 lower, December \$1.31 1/4, oats unchanged to 1/4 higher, December 63 1/4, rye 1/2 to 1 cent lower, December \$1.10 1/4, soybeans 2 1/2-3 1/4 higher, November \$2.42 1/4 and lard unchanged to 43 cents a hundred pounds higher, October \$1.10.

Arnold is a member of Bellefontaine's Satan's Angels, a drum and bugle corps which has been invited to appear on the program.

Kiwanis Elects 1956 Officers At Meeting

Kiwanis officers for 1956 were elected Monday evening at the regular meeting of the group.

The following will be installed at the first regular meeting in January 1956: William Ammer, president; Richard Penn, vice-president; Robert Wilson, treasurer; Directors—Frank Marion, Charles Kirkpatrick, James Carr, Dwight Steele, Leonard Wilson, Joe Bell and Bertus Bennett.

Dr. H. H. Swope, chairman of Pickaway County Heart Association (Rotarian), made the opening remarks before introducing a film, "Guard Your Heart". The film dealt with the functioning of the heart. It showed how to take care of the human body to make the tremendous job the heart has to do easier, and recommended that periodic check-ups be made especially after age 40—or at any age if any symptoms are present.

The movie also especially stressed the fact that people needed to slow down from the continuous strain and fast pace which they subject themselves.

Next Monday evening, each Kiwanian is asked to bring a farmer for "Farmers Night". Attorney Jack Nida will be the guest speaker from Columbus.

GOP Talks Booked

COLUMBUS (AP)—U. S. Sen. John W. Bricker and Rep. John M. Vorys, both Ohio Republicans, will address a GOP organization rally here Thursday night.

Peron's Aides Said Targets Of New Purge

20 Argentine Generals Reported Arrested To Stall Comeback

BUENOS AIRES (AP) — Argentina's new government today was reported purging top military leaders under deposed dictator Juan Peron.

A morning medical bulletin said that "the President had another good night. He slept from 9:30 p. m. to 5:30 a. m., when he awoke feeling rested and refreshed. His condition continues to progress satisfactorily without complication."

After writing Vice President Nixon last night to carry on affairs of the National Security Council and the Cabinet, Eisenhower had been reported "in a cheerful mood" after a "good day."

The uneasiness created by word Sunday night that the chief executive didn't "feel as well as usual" evaporated after physicians found no evidence of fatigue.

Dr. Paul Dudley White, Boston heart specialist, reported "everything goes well" at the sickbed on the eighth floor of Fitzsimons Army Hospital.

This is the second crucial week in the aftermath of the coronary thrombosis the President, who will be 65 Oct. 14, suffered Sept. 24.

By the weekend, barring complications, his doctors look forward hopefully to a period of convalescence which will enable Eisenhower to move into a more active condition of government.

The President is a cheerful patient, from all accounts. He felt well enough yesterday to spend 30 minutes playing a quiz game with the help of a nurse.

EXPECTATION is that he will be flown to his farm at Gettysburg, Pa., in two or more weeks

Ike Said In Cheerful Mood After Sending Nixon Note

DENVER (AP) — President Eisenhower was reported today to be feeling "rested and refreshed" after a good night's sleep.

A morning medical bulletin said that "the President had another good night. He slept from 9:30 p. m. to 5:30 a. m., when he awoke feeling rested and refreshed. His condition continues to progress satisfactorily without complication."

EXPECTATION is that he will be flown to his farm at Gettysburg, Pa., in two or more weeks

THE PEACE resulted in installation of Maj. Gen. Eduardo Lonardi as provisional president. Lonardi has said he would hold elections for a new Congress as soon as the voting rolls can be prepared.

From the Asuncion, Paraguay, private home where he is a closely guarded exile, Peron in a brief statement indicated he still hoped to return to Argentina—and politics.

The ex-dictator said he would "not move a finger in political affairs, but will live a purely private life as Juan Peron." But he added significantly:

"When I do (indulge in political affairs), I will return to my country."

He relaxed at the private home of Ricardo Gayol, an Argentine businessman living in Asuncion. The residence has a swimming pool and formal gardens.

In Buenos Aires, President Lonardi scored publications which have been carrying stories on Peron's alleged love affairs. The Argentine press secretariat issued a statement on Lonardi's orders saying:

"The provision government believes that criticism should be on a high plane and constructive."

Since Peron's overthrow two weeks ago, newspapers and magazines have been devoting much space to reports that the 59-year-old Peron had recently married a 19-year-old girl as his third wife and had intimate relations with a 16-year-old girl.

Smith is being accused of abandonment of his wife, who signed the affidavit against him. He was picked up in Lancaster. Bond was set at \$500.

A CIRCLEVILLE motorist who failed to heed published warnings about the necessity of having both license plates on all passenger cars was fined \$10 and costs for his negligence. The errant motorist was listed as Donald L. McCain, 20. He was arrested by Officer Forrest Sowards.

One of the most flagrant cases of truck overloads, according to State Patrolmen here, came to light as the result of the arrest of a Manchester trucker.

Charles R. Rolph, 39, was fined \$60 and costs for having his truck overloaded by 3,500 pounds. He was arrested by State Patrolman Jim Cooper.

Other city court cases included: Paul L. Giffen, 21, of Circleville; \$10 and costs for an unsafe vehicle; arrested by Cooper.

"Mary Haworth's Mail"

DEAR MARY HAWORTH: It is much of a problem. To me it is, hate being ready to cry or explode all the time. I feel foolish writing to a total stranger, but if I can get a right slant on this problem I shall be truly thankful.

We are farming folk; we live on the plains; and at any season when my husband is overworked, tired or short of help he feels I should drop whatever I am doing and pitch in where he needs me.

We have an eight-room house and two men steady. Also canaries, a parakeet and cocker spaniels. (I am raising puppies for sale. Dan always complains about the dogs but that doesn't bother me; I am just giving back-ground.)

I take care of a big beautiful yard and have around 50 varieties of perennials. I am a 4-H club leader, belong to the Homemakers' Club, and for three years have had charge of a planning division for the Fall Fair — and have won a ribbon each year. I have started to go fishing, alone or with friends, the last three years. This I enjoy very much.

Is He Jealous

I love beautiful things; and I repair furniture, paint, knit, do needlework, etc. I did all the planning and painting of our remodeled home. I can't understand why my husband says things like this morning: "Other women have a grain. All you can do is sit on your behind and go fishing." Is he jealous because I can do many tasks faster than the average, and so have leisure? (I've never driven the pick-up truck.) Sometimes when he acts as he has the last while, I don't want to keep up.

Please tell me if you think this is

the hired men doubtless would if he got verbally rough with them.

Is She Selfish?

Obviously you aren't a lazybones. It seems you do a bang-up job around the house and in community life. But on second thought, are you Dan's partner all the way, in the sense of being ready always to help him to the best of your ability?

As we know, life on a farm includes seasonal stress, as crops and livestock mature for marketing—and weather or labor conditions are sometimes adverse, threatening loss unless emergency action is taken. In such case, it is to be hoped that you would volunteer your services, to do any task

within your strength, to relieve the crisis.

I don't mean that a farm wife should be expected habitually to do man's work in the field; a considerate husband won't permit that. But they two should be "of one mind" in trying to insure their common welfare.

Maybe you tend to feel that you do more than enough in your own bailiwick, and that Dan's end of the bargain is his responsibility. And, if so, maybe this attitude is a cover for selfishly doing only those things you enjoy — leaving the sterner grind to Dan. In any event, my advice is to read Hannah Whitall Smith's inspirational classic "The Christian's Secret of

a Happy Life" (Revell) to get the pitch of joyful peace in the midst of trials.

M.H. Mary Haworth counsels through her column, not by mail or personal interview. Write her in care of this newspaper.

Downs entered the water together but that Mrs. Downs remained close to the beach waving while Downs ventured farther from shore.

When Mrs. Downs realized her husband was in trouble, she called for help. It brought response from all the rescue units of the community. Resuscitation efforts failed.

Downs was a native of Springfield, Ohio.

County's School Enrollment Now Over Total Forecast For 1965

The problem of booming enrollment facing the American public school system is especially serious for the schools of Pickaway County.

Although enrollment gains in the county are not as great as those of many other Ohio areas, the number of students in school is greater here today than that estimated for 1965 by the Ohio Citizens Commission For Public Schools, Inc.

In a study made for the commission in 1950 by Dr. Ronald B. Thompson, registrar at Ohio State University, it was estimated that the public schools in this county would have an enrollment of 6,629 students in the elementary, junior high and high schools by 1965.

The enrollment figure in all county public schools this year already stands at 6,710, which is 181 pupils ahead of the 1965 estimate. The increase in enrollment this year was 236 in all the public schools of the county. Due to the birth rate and various other factors, a continued rise in the school enrollment is considered certain.

IT IS because of this and other problems that President Eisenhower requested the White House Conference on Education be held this year instead of 1960, when it would normally have been called.

Pickaway County had its "grass roots" session last Wednesday and it will be represented at the state conference to be held Oct. 24 at Ohio State University, by:

Howard Huston, of Washington Township, president of the county board of education; Dr. Wells Wilson who represents Pickaway County on the Southeastern Ohio School Boards Association; and Mrs. John Dowler, who teaches at Scioto Township School.

Recommendations of the state conference will be taken to the national conference which is scheduled for Nov. 28 to Dec. 1.

Hog Prices Hit Nine-Year Low

CHICAGO (AP) — Hog prices fell 25 to 50 cents a hundred pounds to equal their lowest levels since June 28, 1946, here yesterday.

Most hogs sold from \$15.25 to \$15.65 a hundred pounds with \$15.50 the popular price. A few offerings brought \$15.75. Hog receipts at 14,000 head were the largest since May 31.

Increasing receipts of hogs born last spring was one factor behind the price downturn, livestock men said. Last spring's pig crop was considerably larger than in 1954.

Youthful Slayer's Trial Scheduled

COLUMBUS (AP) — Robert J. Miller, 19, of Columbus, indicted for first degree murder in the bludgeon-knife slayings of his parents, will go on trial Oct. 31.

Miller, now under observation at Lima State Hospital, has pleaded innocent to killing his mother, Betty Thomas, 39, and step-father, Gomer, 50, in their home here last Aug. 6.

Jurors Seated

FREMONT (AP) — Four men and three women were tentatively seated yesterday as jurors for the first degree murder trial of carnal worker Sam Tannayhill in the fatal beating of Mrs. Shirley Bradford, 29, a waitress, last May 2.

Due to the rotation of the earth, one can put a shot farther if he throws to the west.

Liquor Store Set

COLUMBUS (AP) — The state liquor department says it will open its first Ohio liquor store in a transportation depot, Cleveland's Union Terminal.

Nixon Family Recalls Its Ohio Democrat Background

WASHINGTON (AP) — Washington's No. 1 man right now—Vice President Richard Milhous Nixon—has a lot of Ohioans in his family background.

In fact, it was an incident in Ohio that led his father, Frank, to switch from Democrat to Republican.

The vice president's father told this story at his home in California in 1952:

"My father, Samuel Nixon, was an Ohio Democrat.

"But one day I rode a horse in a William McKinley parade. McKinley himself (then governor of Ohio), admired my horse and told me so. That did it.

"I voted Republican for McKinley and ever since (sic.)"

Nixon's father was living at the time in McArthur (Vinton County).

The vice president's Ohio antecedents go back a lot farther than this.

One ancestor, George Nixon Sr., a Revolutionary War veteran, settled in Clark Township, Clinton County, Ohio.

He married her, and one of their sons became vice president of the United States.

Ford Plans Driver Training Course

PHILADELPHIA (AP) — The Ford Co. today announced inauguration

of a seven million dollar automobile national loan program to spur school driver training classes.

The incentive plan was anounced at the 62nd annual conference of the International Assn.

of Chiefs of Police.

Ford said its dealers plan to place more than 3,500 cars at the disposal of school authorities this year and to increase this number in the future.

County's School Enrollment Now Over Total Forecast For 1965

The problem of booming enrollments facing the American public school system is especially serious for the schools of Pickaway County.

Although enrollment gains in the county are not as great as those of many other Ohio areas, the number of students in school is greater here today than that estimated for 1965 by the Ohio Citizens Commission For Public Schools, Inc.

In a study made for the commission in 1950 by Dr. Ronald B. Thompson, registrar at Ohio State University, it was estimated that the public schools in this county would have an enrollment of 6,629 students in the elementary, junior high and high schools by 1965.

The enrollment figure in all county public schools this year already stands at 6,710, which is 181 pupils ahead of the 1965 estimate. The increase in enrollment this year was 236 in all the public schools of the county. Due to the birth rate and various other factors, a continued rise in the school enrollment is considered certain.

SHOULD THE enrollment increase be 200 for each year until 1965, the total for that year would be 8,710, almost 2,000 more than predicted by Dr. Thompson.

Because of the probable increase in enrollment, some sort of building program for the county schools will be necessary declared George McDowell, Pickaway County superintendent of schools. He hastened to add that the county schools, which had a 136-pupil increase this year, are handling instruction "very nicely." He cautioned, however, that there "is a limit" to the ability of the schools to handle the increasing burden.

McDowell said much of the increased enrollment in recent years is due to the many trailer courts which are being set up in this district. Other factors causing the increase, he said, are the expansion of Lockbourne Air Base, road construction work north and south of Circleville, and the continuing

Pickaway Court News

Marriage licenses issued:

Martin L. Woodrow, of Circleville, to Amy Helen Russell, of Circleville Route 4.

Millard E. Moore, of Circleville, to Mary June Chandler, of Commercial Point.

William F. Turner, of Circleville, to Nellie Iona Kuhn, of Circleville.

James E. Brown, of Circleville, to Margaret H. Weldon, of Circleville.

Arvie F. Allen, of Quincey, to Lula Dixon, of Circleville.

Divorce applications:

Armentrout — Helen Louise, plaintiff, vs. Joseph C., defendant; gross neglect and extreme cruelty; two children.

Seymour — Betty J., plaintiff, vs. Gale D., defendant; gross neglect.

Wooten — Helen, plaintiff, vs. Earl Leroy, defendant; gross neglect; five children.

"roll of people coming north from Kentucky and West Virginia."

Another factor causing increased enrollment is the new industries moved into the county.

Two townships, Scioto and Saltcreek have school bond issues at stake in the elections next month.

McDowell said these issues would be used for the elementary grades where the problem of space is greatest.

McDowell said Pickaway County's needs are not so great today and that the schools are in fairly good shape. However future needs caused by probable enrollment increases, will be "something to contend with."

IT IS because of this and other problems that President Eisenhower requested the White House Conference on Education be held this year instead of 1960, when it would normally have been called.

Pickaway County had its "grass roots" session last Wednesday and it will be represented at the state conference to be held Oct. 24 at Ohio State University.

Howard Huston, of Washington Township, president of the county board of education; Dr. Wells Wilson, who represents Pickaway County on the Southeastern Ohio School Boards Association; and Mrs. John Dowler, who teaches at Scioto Township School.

Recommendations of the state conference will be taken to the national conference which is scheduled for Nov. 28 to Dec. 1.

Hog Prices Hit Nine-Year Low

CHICAGO (AP) — Hog prices fell 25 to 50 cents a hundred pounds to equal their lowest levels since June 28, 1946, here yesterday.

Most hogs sold from \$15.25 to \$15.65 a hundred pounds with \$15.50 the popular price. A few offerings brought \$15.75. Hog receipts at 14,000 head were the largest since May 31.

Increasing receipts of hogs born last spring was one factor behind the price downturn, livestock men said. Last spring's pig crop was considerably larger than in 1954.

Youthful Slayer's Trial Scheduled

COLUMBUS (AP) — Robert J. Miller, 19, of Columbus, indicted for first degree murder in the bludgeon-knife slayings of his parents, will go on trial Oct. 31.

Miller, now under observation at Lima State Hospital, has pleaded innocent to killing his mother, Betty Thomas, 39, and step-father, Gomer, 50, in their home here last Aug. 6.

Jurors Seated

FREMONT (AP) — Four men and three women were tentatively seated yesterday as jurors for the first degree murder trial of carnival worker Sam Tannhill in the fatal beating of Mrs. Shirley Bradford, 29, a waitress, last May 2.

Due to the rotation of the earth, one can put a shot farther if he throws to the west.

Sam H. and Gussie Williams to John J. Jr. and Patricia M. Willis, part Lot 513.

Nixon Family Recalls Its Ohio Democrat Background

WASHINGTON (AP) — Washington's No. 1 man right now—Vice President Richard Milhous Nixon—has a lot of Ohioans in his family background.

In fact, it was an incident in Ohio that led his father, Frank, to switch from Democrat to Republican.

The vice president's father told this story at his home in California in 1952:

"My father, Samuel Nixon, was an Ohio Democrat.

"But one day he rode a horse in a William McKinley parade.

McKinley himself (then governor of Ohio), admired my horse and told me so. That did it.

"I voted Republican for McKinley and ever since (sic.)"

Nixon's father was living at the time in McArthur (Vinton County), Ohio.

The vice president's Ohio antecedents go back a lot farther than this.

One ancestor, George Nixon Sr., Revolutionary War veteran, settled in Clark Township, Clinton County, Ohio.

Another ancestor, George Nixon III, lived in Elk Township, Vinton County, Ohio.

Joshua, moved his wife and children from Short Creek Monthly Meeting in Belmont County to Circleville in 1805.

Then in 1854 Milhous' grandson

This Nixon was mustered into service in the Union Army in the Civil War at Waverly, Pike County, Ohio, and was killed in the battle of Gettysburg while fighting as a private in Company B, 73rd regiment, Ohio Infantry.

The Nixon ancestors lived in Ohio as one stop in a long series of movements westward to California. The Milhous side of the vice president's family was struck, too, by the "go west" fever at about the same time.

Staunch Quakers, one pair of grandparents on his mother's side, William Milhous and his wife, settled in 1805 in a Quaker colony at Coleraine in Belmont County, Ohio.

Later, the Milhous family moved to Whittier, Calif. It was there, at a Quaker meeting, that Frank Nixon met Hannah Milhous.

He married her, and one of their sons became vice president of the United States.

of a seven million dollar automobile national loan program to spur school driver training classes.

The incentive plan was announced at the 62nd annual conference of the International Assn. of Chiefs of Police.

Ford said its dealers plan to place more than 3,500 cars at the disposal of school authorities this year and to increase this number in the future.

Non-Buyers Watch U.S. Stock Market

Wall Street Is Seen As Holding Key To Economic Future

By SAM DAWSON
NEW YORK (AP)—American stock markets are watched today by millions of persons around the world who don't own a share of stock. Why?

Because they feel in their bones that broad trends of stock prices may foretell what will happen to their business, their job, their savings, their prospects.

Others say: "So what? I don't own any stock." They may dismiss the daily ups and downs of stock prices as the mere carrying on of speculators—the pros who constantly are in and out of the market looking for a fast buck. The detractors hold that the old tradition of the market's importance as a barometer or as a direct influence on business is outdated.

But the way the market rates the shares of one corporation, or of most corporations, still can be of real importance to many people. Workers get nervous if the price of their company's stock continues to sink. So does the board of directors.

Price weakness could mean—although not necessarily—that stock traders believe either that management is lax, or that the company's products are slipping in public favor, or that its competitive position is being undermined by rivals.

If the stocks of an entire industry rise or fall, it may be the public's first intimation that the economic pattern is changing. This can affect job and earnings prospects, or telegraph blow to an entire community or region.

When the entire market mills around the way it did last week, with a sharp break followed by rallies and hesitations, it could mean either one of two things:

1. That the world and domestic political situation is such a touch-and-go affair that the health of one man, the President of the United States, could color overnight the prospects of good times or bad of peace or conflict.

2. That the public is already nervous about "how high is up", and is fearsome that, stock prices are due for a revaluation anyway.

In either case the initial impact is psychological. It tends to make some individuals think twice about their own plans. Paper profits take on the look of tissue.

New York merchants report that in the past a bear market has coincided with a slump in store sales. Elsewhere in the nation this is much less likely, since New York seems more prone to emotional ups and downs about business.

When last week's sharp market break didn't turn out to be "another 1929" as a few may have feared, there was great and obvious relief.

This relief was felt by the many Americans who don't own stock and don't stand to make or lose a dollar immediately. But many of them felt that a prolonged market break would make their employers

Ohio Realtors Open Parley In Columbus

DAYTON, Ohio (AP)—Henry G. Waltemade of New York City, president of the National Assn. of Real Estate Board, delivers the keynote address today at the 46th annual convention of the Ohio Assn. of Real Estate Boards.

His topic is "Our Future Is Growth."

Another speaker is John C. Williamson, secretary of the national group's Washington committee, who will discuss the capital city's real estate picture.

The program continues through tomorrow with the annual banquet tonight. A record 12,000 realtors turned out yesterday for the convention's opening.

Four prominent realtors, in a group interview, predicted a 2 to 4 per cent rise in new home costs in the coming year. They were Robert Weiler and Larry Wade, president and vice president, respectively, of the Columbus Real Estate Board, George Hoffman, Dayton board president, and J. Earl Miller, Geneva.

They also forecast a one-half per cent increase in real estate loan interest rates because of what they said was a tightness of money this year and the possibility of insurance companies taking over mortgages again.

Flagship Replaced

TAIPEI, Formosa (AP)—The heavy cruiser Bremerton has temporarily replaced the heavy cruiser St. Paul as flagship of the U. S. 7th Fleet. The St. Paul will undergo repairs in Japan.

nervous, cut work schedules, perhaps imperil jobs. The market's rally the following day just as surely reassured many that the economy appeared sound to the investing segment of the public.

The large bedrooms are easily accessible to the modernly-equipped bathroom. There are large closets in each bedroom and in the living room and a space is conveniently located in the hall for washer-dryer. Additional out-

Open House Is Now Under Way For New National Home Design

Designed by a famed architect for comfortable living and priced to meet every family's budget, the Mayflower, an all-new 1956 National home, is being shown this week at an open house at 406 Ruth Ave., Circleville, by Frank Gorsh, builder-dealer.

"We are proud to offer this new National home," Mr. Gorsh said. "It is wonderful to live in. We are selling the Mayflower at a popular price, which will require monthly payments that are less than most families pay for rent."

The Mayflower is fully insulated with Fiberglas. This means that it is economical to heat in the winter and is much cooler in the summer.

The modern methods of manufacturing used to produce the Mayflower assure that a family may move into this new home sooner than expected.

Contemporary styling, featuring low, sweeping roof lines, give this three-bedroom home an exceptionally attractive exterior profile. An entrance porch adds a distinctive touch to the Mayflower.

AN OPEN interior arrangement, designed by Charles M. Goodman, foremost architect in the home field, makes the Mayflower ideal for family living. The living room, with its large picture window, and the dining area flow together, creating a spacious room for entertainment and family enjoyment.

This feeling of spaciousness is further enhanced by a sloping, studio-type ceiling that corresponds to the exterior lines of the home.

The large bedrooms are easily accessible to the modernly-equipped bathroom. There are large closets in each bedroom and in the living room and a space is conveniently located in the hall for washer-dryer. Additional out-

Part Of U.S. 40 Given New Speed Limit Of 60 Mph.

COLUMBUS, Ohio (AP)—A 29-mile stretch of road between Springfield and West Jefferson is the only highway in the state, besides the new Ohio Turnpike, where passenger cars legally can go up to 60 m.p.h.

Samuel O. Linzell, Ohio's highway director, announced today that U. S. 40 between Springfield and West Jefferson is now equipped with new signs designating speed limits from 40-60 m.p.h.

Speed limit for cars on the Ohio Turnpike is 65 m.p.h.

Linzell said the new U. S. 40

speed limits were determined after consideration of existing speeds. The highway department previously had raised the speed limit to 60 m.p.h. on a seven-mile stretch of U. S. 40 from Springfield to Vienna as an experiment.

DOUBTFUL PROJECT

AS THE American Federation of Labor
and the Congress of Industrial Organizations
snug up to each other in a com-
panionate marriage, the talk of leaders
of both groups is about the relatively small
area of labor that is organized and what
can be done about it.

There are more than 60 million job hold-
ers in the country and less than 25 per
cent of them belong to unions. Whether to
reach for them by the crafts union method
or try to take in whole gobs of them at
once by industries is still in dispute.

However they try to do it, labor leaders
are still making eyes at agriculture. They
hope to see the shrinking but still substan-
tial numbers of farmers and farm hands
in one big union.

Some farmers may fall for it temporar-
ily. But the first time one of his hands de-
mands time and a half for looking after
the sick cow in the middle of the night or
double time for rounding up the hogs that
broke through the fence on Sunday, the far-
mer will begin to have heavy doubts about
the advantages for him in holding a union card.

DEBATE CALLED OFF

IN REJECTING full-scale debate of the
problems in riot-ravaged Cyprus, the
United Nations again has decided that per-
haps old-fashioned diplomacy—meeting of
both sides in a dispute in a quiet, unpublic-
ized session—is most effective.

The UN—the “great debating society”—
has its limitations. With the spotlight of
press and public focused upon them, most
nations are unwilling to give ground, a pre-
requisite to settlement of such disputes.

Cyprus admittedly is a danger spot on
the international horizon, and the UN wisely
has admitted it is incapable of handling
it.

A tremendous loss of interest in air con-
ditioning will be apparent soon.

Radio and TV announcers can hardly
be so excited by athletic contests as their
voices indicate.

If Secretary Benson could raise farm
prices, eliminate surpluses and cause just
the right amount of rain, he would be a
popular man.

NEW FARM POLICY

IN THE FACE of bumper crops this
year and lower farm price prospects,
many observers have concluded that a
sharp change of government policy is in-
evitable. The nation has come to the end of
the road on rigid parity, variable parity,
acreage controls—and all the rest.

It is widely held that a system of incen-
tives must be devised to encourage farm-
ers to use more of their land for grass and
pasture and less of it for wheat and corn.
The plain fact is that diet preference of the
American people is for meats, dairy and
poultry products instead of for cereal
foods.

The government could well spend its
farm policy money to subsidize the conver-
sion of eligible grain land to grass and feed
crop land. That would reduce surpluses of

George E. Sokolsky's

These Days

President Eisenhower's illness has
opened the door to a galaxy of candidates
in both parties. The Democrats had been
uncertain as to whether any Democrat
could win and the question was who would
be willing to offer himself to run for a loss.
Stevenson, Harriman and Kefauver seemed
to be the only candidates available with
Harriman in the lead.

Now that there is a definite possibility of
the Democrats winning in 1956, the cam-
paign is wide open. More and more the
name of Governor Frank Lausche is heard
and for second place, it is clear that the
Southerners will insist on a candidate and
the name of Governor Frank Clement of
Tennessee is constantly being heard.

Among the Republicans, three California
names assert themselves, Vice President
Richard Nixon, Senator William
Knowland, and Chief Justice Earl Warren.

From now on a number of other names
will be mentioned, including Thomas E.
Dewey who has twice run and been defeated
and Harold Stassen who is always a can-
didate, for what reason no one can say.

Richard Nixon has the advantage of be-
ing Vice President on the verge of the
Presidency by disability, resignation or
death. Not even a physician can, at this
moment, foretell with any assurance that
the President will live during the next 15
months although many who have had cor-
onary thromboses survive to be very active
men. Mr. Roosevelt was President and
ran for a fourth term after he had had
more severe difficulties with his heart than
President Eisenhower has suffered.

Should Richard Nixon take over the
Presidency, he will probably be nominat-
ed. The story from Washington is that in
the White House entourage Sherman Ad-
ams, who is most effective, is protecting
President Eisenhower's prerogatives and
that he has prevented the formation of a
cabal to manipulate politically in the Pres-
ident's name. The report is that the cabal
that was forming included Harold Stassen,
Nelson Rockefeller and Milton Eisenhow-
er. As it stands, Richard Nixon has the in-
sider track.

Chief Justice Earl Warren has publicly
stated that he will not run for elective of-
fice. In his present position, he cannot lift
a finger to indicate that he intends to run.
It is noteworthy that his name is being
brought forward not by Republicans but by
New Deal columnists who have never fa-
vored a Republican candidate for the Pres-
idency. This does considerable damage to
Warren's standing with Republicans. It is
not believed by Republican professionals
that his chances are very good or that
they should be.

Senator William Knowland represents
the views of the major elements within the
party. He could be accepted by those Eisen-
hower Republicans who do not favor Nixon
and by those Taft Republicans who do not
forget that Senator Taft selected Knowland
as his successor. Knowland's chances are
on a par with Nixon's in a free convention.

Harold Stassen is not taken seriously by
professional Republicans although he con-
tinues to have a following in the rank and
file of the party. While it has been assumed
that President Eisenhower has favored
Nixon, it is no secret that he has also fa-
vored Stassen. On the other hand, when,
some time ago, Stassen tried to push into
Dulles' position as Secretary of State, the
President protected Dulles and turned down
proposals to replace him with Stassen.
His candidacy is not being taken se-
riously.

markets.

Country Going On Rocks?

By HAL BOYLE

NEW YORK (AP)—Is this coun-
try going on the rocks? It would seem so, judging
from the present trend in American drinking habits. Either
that or we are just entering a new ice age.

The long tall cool drinks of yore have been replaced in favor
by scotch on the rocks, bourbon on the rocks, martinis on the
rocks, even vodka on the rocks.

So far as we know nobody has
violated the traditions of ole Kentucky enough to call for a
mint julep on the rocks. But now soup on the rocks is getting
more and more popular, including
horsesh and bouillon.

A friend of ours, watching a
guy gulp down a bouillon on the
rocks, heard him say to a com-
panion:

“Greatest invention since the
wheel.”

Sooner or later, of course,
some daredevil is going to call for
fried pork gravy on the
rocks. That ought to end the
trend fast.

What does it profit a man if
he is prosperous enough to af-

ford a rich juicy steak—and
then has to gum it?

Millions of American kids are
now back in school. Dr. Solomon N. Rosenblatt, Columbia
University dental authority, says
at 16 the average youngster
will have seven decayed, miss-
ing or filled teeth. One out of
five need major orthodontic
care. Only 4 per cent will be
free of dental decay.

And 25 years later, when he will
have 19 missing, decayed, or filled
teeth!

To help assure good choppers
later in life, dentists say a child
should be taught to squeeze that
toothpaste tube himself at the
age of 2 or 3.

You think women are fussy
about their clothes? Many men
are even fussier, says Budd, a
Fifth Avenue haberdasher, parti-
cularly about their bow ties.

You think a bow tie is a
bow tie, and that a man would
pick one from a selection, then
just wear it and forget it.

But no. Many men are so
particular about their bow ties
they've got to have paper pat-
terns cut to their own neck size

and in the shape tie they prefer.”

Budd keeps a file of more
than 7,000 such paper patterns.
His most discriminating custom-
er is composer Cole Porter, who
insists on designing his own bow
ties.

No salmon has tracked down
an escaped prisoner yet. But
they have an even keener sense
of scent than bloodhounds, ac-
cording to Dr. James A. Larsen,
University of Wisconsin zoologist.

Scientists long have wondered
how adult salmon are able to
find their way from the sea hundreds
of miles back to their up-
river birthplaces at spawning
season.

Experiments by Dr. Larsen
indicate the fish do it by scent,
literally smelling their way
home by the differing odors of
plant life in the waters on their
journey.

He found this out by blocking
the noses of some salmon with
cotton. The confused fish got
lost. Those with their nasal pas-
sages left unblocked swam on
home for their date with poster-
ity.

The boss had dined with Wil-
kins and his bride. The following
morning he observed, “That's a
fine, hard-working wife you've got,
Wilkins!”

“I sure have,” agreed Wilkins.

MARRIAGE for THREE

CHAPTER THIRTY-ONE

MATTERS between Pinky and Adam seemed to be settled now into a businesslike relationship of owner and builder. All other "things" between them, Ann thought, should now be solved.

But they were not, of course.

Pinky saw to that. For now she was the one fighting the "other woman" in her man's life. Ann had made her claim, and Adam had acknowledged it. Pinky must fight for what she called her rights.

And she would fight. She'd already lost one good man in Rod Haggard, and had come to regret it. With Adam Laird, she meant to proceed more wisely.

When Adam told her that he had a chance to sell the house, she was quite calm about it. "Make money?" she asked.

"Some. Not a lot with costs what they are—but some."

She sat down on a "horse" and swung her long legs. She was wearing light blue denim pedal pushers, and a plaid shirt which looked as if it had lost all its buttons. Her freckles were honestly displayed, her hair was braided into pigtail ties with bows of dark blue ribbon. "You didn't think I'd agree, did you, Adam?"

"Well—"

"I wouldn't have," she assured him, "except that just a night or two ago, a man was in the hotel—he asked me what you were doing, if you were still in Santa Fe."

Adam squinted his blue eyes at her. "Huh?"

"He was down from Los Alamos, said you'd worked with him or for him on the lab up there. His name was Isler."

"I worked for him," said Adam, shooting out his rule and bending again to the board which he was mitering. "What'd he want? Why did he ask you?"

"He'd seen us together." Her voice slurred suggestively, reminiscing.

Adam would not look at her. "Yeah?" he said.

"You're hearing from him. I told him you were in the book. As for what he wanted, I think you should listen to him, Adam."

The whine of the saw silenced her. He was making the front door of the house, of diagonally set redwood boards. It would be beautiful when waxed and polished.

He says they're going to build some sort of lab at Cal Tech—oh, he didn't really say lab—he called it a problem. He said how good you were at grasping technical requirements. It would mean a move to California, of course. But my idea was, Adam, that you could work at that problem, and go to school, too, study architecture, and get a degree! You could!"

TODAY'S GRAB BAG

THE ANSWER, QUICK!

1. What is the derivation of the name of the month of October?

2. Who said, "We must all hang together, or assuredly we will all hang separately"?

3. What is the next line after, "It is an ancient mariner"?

4. Who composed *Rigoletto*?

5. In the New Testament who was Simeon?

IT HAPPENED TODAY

1822—U. S. President Rutherford B. Hayes was born, 19th President, 1844—American forces in World War II broke through the German West Wall, 1944—Alfred E. Smith, former governor of the state of New York and presidential candidate, died.

WATCH YOUR LANGUAGE

REFRIGERAL — (re-PRIZE-al) — noun; in international law, the act or practice of resorting to force, short of war, to procure redress of grievances, originally by seizing property or persons; also, an act or instance of this; that which is taken in reprisal; a prize; any act of retaliation, especially in war, an act of retaliation against the enemy; that paid as compensation or in restitution. Origin: Old French—Re-
prisaille.

1—Born in Dover, Del., in 1728, this American patriot was high sheriff when he was 28, becoming justice of the peace and judge of the lower courts. A representative of his county in the legislature, he was sent to the Stamp Act congress at New York in 1765, and was elected speaker of the house in 1769. He signed the Declaration of Independence and toward the end of 1777 was again chosen for congress, but before taking his seat was appointed president of Delaware, in which post he remained four years. He died in 1784. What was his name?

2—This recently appointed chief of naval operations was born in Boulder, Colo., Oct. 19, 1901. He attended the United States Naval Academy and the University of Michigan and was commissioned ensign in 1923. He has advanced through the grades to rear admiral. He was commander of Destroyer Squadron 23, chief of staff

to the fleet in 1945 and 1947, and commandant of the Naval War College in 1948.

3—“And he stopteth one of three,” from Samuel Taylor’s *The Rime of the Ancient Mariner*.

4. Giuseppe Verdi—1813-1901.

5. “A just and devout” man who took the infant Jesus in his arms in the temple at Jerusalem and blessed God.—Luke 2:25, 28.

He was commander of Destroyer Squadron 23, chief of staff

to the fleet in 1945 and 1947, and commandant of the Naval War College in 1948.

6—Born in 1728, this American patriot was high sheriff when he was 28, becoming justice of the peace and judge of the lower courts.

7—Born in 1728, this American patriot was high sheriff when he was 28, becoming justice of the peace and judge of the lower courts.

8—Born in 1728, this American patriot was high sheriff when he was 28, becoming justice of the peace and judge of the lower courts.

9—Born in 1728, this American patriot was high sheriff when he was 28, becoming justice of the peace and judge of the lower courts.

10—Born in 1728, this American patriot was high sheriff when he was 28, becoming justice of the peace and judge of the lower courts.

Entered at Postoffice at Circleville, Ohio, as Second Class Matter.

DOUBTFUL PROJECT

AS THE American Federation of Labor and the Congress of Industrial Organizations snuggle up to each other in a companionate marriage, the talk of leaders of both groups is about the relatively small area of labor that is organized and what can be done about it.

There are more than 60 million job holders in the country and less than 25 per cent of them belong to unions. Whether to reach for them by the crafts union method or try to take in whole gobs of them at once by industries is still in dispute.

However they try to do it, labor leaders are still making eyes at agriculture. They hope to see the shrinking but still substantial numbers of farmers and farm hands in one big union.

Some farmers may fall for it temporarily. But the first time one of his hands demands time and a half for looking after the sick cow in the middle of the night or double time for rounding up the hogs that broke through the fence on Sunday, the farmer will begin to have heavy doubts about the advantages for him in holding a union card.

DEBATE CALLED OFF

IN REJECTING full-scale debate of the problems in riot-ravaged Cyprus, the United Nations again has decided that perhaps old-fashioned diplomacy—meeting of both sides in a dispute in a quiet, unpublicized session—is most effective.

The UN—the “great debating society”—has its limitations. With the spotlight of press and public focused upon them, most nations are unwilling to give ground, a prerequisite to settlement of such disputes.

Cyprus admittedly is a danger spot on the international horizon, and the UN wisely has admitted it is incapable of handling it.

A tremendous loss of interest in air conditioning will be apparent soon.

Radio and TV announcers can hardly be so excited by athletic contests as their voices indicate.

If Secretary Benson could raise farm prices, eliminate surpluses and cause just the right amount of rain, he would be a popular man.

NEW FARM POLICY

IN THE FACE of bumper crops this year and lower farm price prospects, many observers have concluded that a sharp change of government policy is inevitable. The nation has come to the end of the road on rigid parity, variable parity, acreage controls—and all the rest.

It is widely held that a system of incentives must be devised to encourage farmers to use more of their land for grass and pasture and less of it for wheat and corn. The plain fact is that diet preference of the American people is for meats, dairy and poultry products instead of for cereal foods.

Colonists Daughters Conduct Luncheon Session At London

Mrs. Schadel Is Hostess To Group

Mrs. B. A. Schadel of Mt. Sterling was hostess to the Colonel William Ball Chapter of the Daughters of the American Colonists for a luncheon meeting in the DAR Coover House at London.

Following the luncheon hour, Mrs. Richard Hedges, regent, welcomed the members and guests. The meeting was opened in ritualistic form by the regent, assisted by the chaplain, Mrs. O. W. Finley.

The group was led in the pledge of allegiance to the flag of the United States of America by Miss Dhel Renick, flag chairman.

At the close of a business session, Mrs. Orion King read a paper on antique jewelry. She traced the origin and history of adornment from the primitive man to the present day. She showed earrings, brooches and a number of other items of jewelry that have been in her family for more than 100 years.

Guests present for the luncheon and meeting were: Mrs. Augusta Kortrecht of Marietta; Mrs. Samuel C. Tootle of Mt. Sterling and Mrs. Byers L. Adair of London.

On their way home from the meeting, Miss Renick, Mrs. Ella Hornbeck and Mrs. King of Circleville; Mrs. Ella Zahn and Mrs. D. E. Stark of Mt. Sterling, and Mrs. Hedges of Ashville called on Mrs. Jesse E. Chance in London. Mrs. Chance is a member of the chapter, who was unable to attend because of a fractured hip.

Homemakers Plan Projects At Atlanta Meet

The Atlanta Home Demonstration group met in the school for a planning session on club activities for the coming year.

Mrs. Joe Bush presided at the session, and announced her resignation from the presidency of the group. Mrs. Charles McConkey, vice president, will assume her duties and an election to fill the vacancy of vice president is scheduled for the next session.

Mrs. Bush and Mrs. McConkey reported on activities of a recent council meeting held in Circleville. A discussion was held on projects for the coming year.

Mrs. Nellie Creighton and Mrs. McConkey were named to represent the group at a training meeting of the county leaders. Calendar books were filled out and literature from the Pickaway County Extension office was read.

All ladies of the Atlanta and New Holland communities are invited to attend the sessions, which are to be held on the first Thursday of the month, with a noon luncheon in the school cafeteria.

Textile painting is to be the project for the next meeting, which will be held from 10 a. m. to 3 p. m. Thursday in the school.

Carle-Redman Engagement Told

Mrs. Jacob Carle of Circleville Route 2 is announcing the engagement of her daughter, Miss Agnes Carle, to James Redman of E. High St.

Miss Carle is a senior student at Williamsport High School.

Mr. Redman, a son of Mr. and Mrs. Raymond Redman of E. High St., is a graduate of Circleville High School, class of 1953. He is employed by the DuPont Company.

No definite date has been set for the wedding.

The Ashville Women's Civic club will meet for a business session at 8 p. m. Thursday in the Lutheran church parlors at Ashville.

Mr. and Mrs. J. W. Weaver of Tarlton left Tuesday morning for their winter home at 215 NW 51st St., Miami, Fla. Miss Ruby Kuhn of Miami, who had spent the past three weeks in the Weaver home, motored to Florida with them.

Mr. and Mrs. Lawrence Thornton of 130 Logan St. have returned to Circleville from Seattle, Wash., where they were guests of their daughter, Mrs. Wayne Butler, Mr. Butler and family. While in Washington, they made an extended tour of the Puget Sound area, the Yakima Valley and through the Alpine Meadows to the glacier fields of Mt. Rainier.

The Pythian Sisters will entertain the Rose Forrester Temple of Lancaster at a "friendship night" dinner meeting at 6:45 p. m. Thursday in the Knights of Pythias Lodge rooms.

An October meeting of the Board of Managers of the Circleville Home and Hospital, which was to have been held Wednesday, has been canceled.

The Presbyterian Couples Club of Geneva Fellowship will meet at 8 p. m. Sunday in the social rooms of the church. Program for the evening, "Seeing Stars" will be presented by Beau Stevenson, the Rev. Donald Mitchell, Ed Jury and Forest Croman.

Mrs. Bowers announced the chairman of her standing committees as follows:

Ways and means, Mrs. Edwin Swoyer and Mrs. Conrad Roese; dining room, Mrs. Jack Lemon and Mrs. Donald Wean; cafeteria, Mrs. Roger Hedges, chairman; Mrs. Jack Foreman, treasurer; program, Mr. and Mrs. Raymond Lindsey, and membership, Mrs. Willard Foreman and Miss Nelle Oesterle.

Publicity, Mrs. Stanley Stout; roll call, C. E. Mahaffey; table and chairs, Everett Peters; hospitality, Mrs. Emerson Dunn and Mrs. Harry Rife, and dancing lessons, Mrs. Earl Reed and Mrs. Malcolm Rathburn.

Refreshments were served at the close of the evening by the hospitality committee. The next regular business meeting of the group is set for Nov. 17 in the school.

Junior Woman's Harvest Ball Is Attended By 200

Shocks of corn fodder flanked by pumpkins decorated Memorial Hall for the annual Harvest Ball. Focal point of the decorations was a large yellow "harvest moon" placed near the band stand.

Members of Junior Woman's Club, sponsors of the event, report that approximately 200 people attended the dance. Music was furnished by the Dick Welsh Orchestra, which is made up largely of a group of well-known local musicians. Miss Marsha Morgan was the vocalist.

Mrs. Paul R. Jackson and Mrs. William Rickey were co-chairmen for the dance. Mrs. John Griffith was chairman of a decorating committee and Mrs. Ross Spalding was chairman of a committee arranging for the hall, tables and chairs.

Mrs. Richard Penn was head of refreshment stand; Mrs. William Speakman was ticket chairman, and Mrs. Sterling Poling served as chairman of advertising and publicity.

Guests for the evening were:

Four New Girl Scout Troops Are Completing Organization

The troop development committee of the Pickaway County and Circleville Girl Scout Association reports that a new troop of Intermediate Scouts has been formed from Washington Township school.

The troop has as its leader Mrs. Vernon Saunders, who is assisted by Mrs. S. G. Measamar.

The committee, made up of Mrs. Richard Funk, Mrs. Emma Louise Matz and Mrs. Robert Dick, reports that three more troops are working to complete their adult membership before they are completely organized.

Troops are active in all three age levels, with two Senior troops, 11 Intermediate troops, and 12 Brownie troops. Six of these troops are in Ashville and one Brownie troop is in Williamsport.

New troops are completing investment programs in order that Scouts may be qualified to wear uniforms and take part in the coming Pumpkin Show exhibit and parades.

The Pythian Sisters will entertain the Rose Forrester Temple of Lancaster at a "friendship night" dinner meeting at 6:45 p. m. Thursday in the Knights of Pythias Lodge rooms.

An October meeting of the Board of Managers of the Circleville Home and Hospital, which was to have been held Wednesday, has been canceled.

The Presbyterian Couples Club of Geneva Fellowship will meet at 8 p. m. Sunday in the social rooms of the church. Program for the evening, "Seeing Stars" will be presented by Beau Stevenson, the Rev. Donald Mitchell, Ed Jury and Forest Croman.

The sessions combined a regional convention of the National Federation of Republican Women and the 16th annual Fall convention of the Ohio Federation of Republican Women's Organizations.

The opening session, held in the Hall of Mirrors of the Deshler-Hilton Hotel, honored Mrs. Carroll D. Kearns, president of the National Federation of Republican Women, and the national federation committee chairmen.

Among the highlights of the convention were: a playlet, "Mrs. Republican, This is Your Party", presented by the Hamilton County Women's Club; a Kaffee Klatch following registration; and an address by Senior Senator Honorable John Bricker, during a dinner meeting.

Pickaway County club members attending included:

Mrs. H. O. Caldwell, president; Mrs. William Ulm, Mrs. J. B. Work, Mrs. William Valentine, Mrs. H. E. Louis, Mrs. Wilbur Gilispie, Mrs. Ilo Kramer, Mrs. Louis Mebs, Mrs. I. W. Millar, Mrs. Voss Blake, Miss Lucile Blake, Mrs. Richard Hedges, Mrs. Merton Tootle, Mrs. A. D. Pettibone, Mrs. William Whitehead, Mrs. Orland Hines, Mrs. Floyd Foot, Mrs. Carl Binns and Mrs. Elma Eakin.

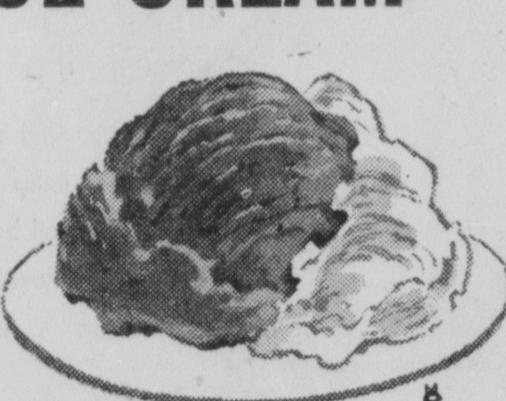

Refreshments were served at the close of the evening by the hospitality committee. The next regular business meeting of the group is set for Nov. 17 in the school.

Beta Kappa is installed as a chapter of Sigma Phi Gamma on Sept. 25, 1945 in Columbus. Miss Barbara Caskey, an active member of the chapter, is a charter member of the group.

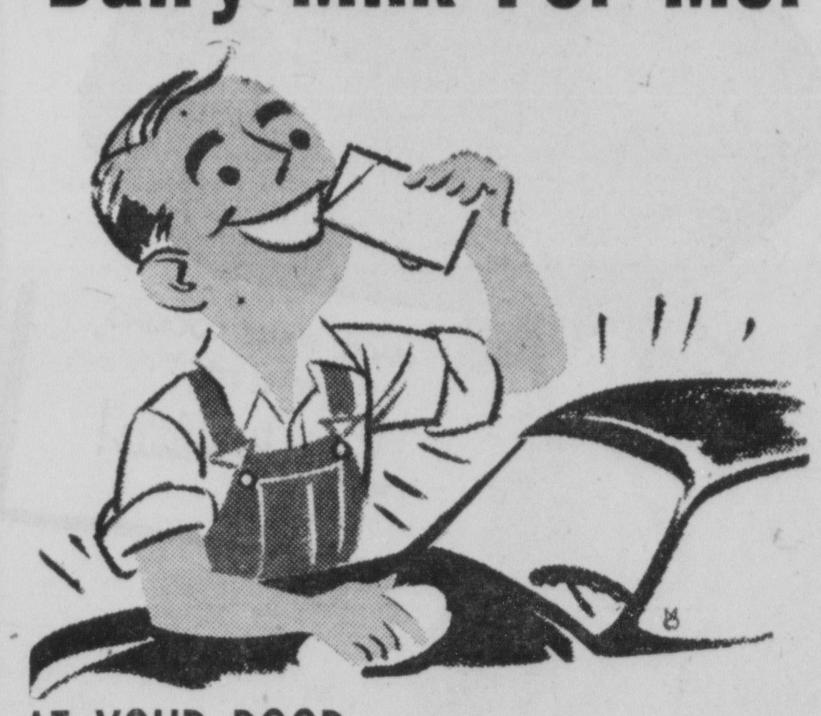

Beta Kappa is one of the 170 active chapters in Sigma Phi Gamma, a philanthropic organization.

Mrs. Meyers Will Host Garden Club

The Circleville Garden Club will meet at 8 p. m. Wednesday in the home of Mrs. George M. Meyers of 561 Springhollow Rd.

Floyd Bartley will speak on "A Trip with the Brookes Bird Club to the Virginias". He also will conduct a contest on leaf identification.

Each member is asked to bring seeds for a seed exchange. The arrangements in shades of one color; "Autumn Finale", an analysis arrangement of branches, crescent style, and "Cook Out", a patio arrangement of branches, crescent style, accented with native material.

Mr. and Mrs. Roy Wood will assist the hostess for the evening.

Letters are in the mail from the public relations committee to all leaders, giving instructions for the coming exhibit. Leaders and their troops are planning displays and are completing window exhibit plans.

Intermediate Scouts are working on final steps of badges which will be presented in a Fall Court of Awards, to be held in November.

**

Mrs. Mills Hosts Woman's Service Society Meeting

Mrs. Charles W. Mills was hostess to a regular meeting of the Woman's Society of Christian Service of the Atlanta church.

A total of 23 members assembled in the Mills home, which was decorated with autumn flowers and leaves for the occasion. A crystal vase of Queen Anne's lace graced the dining table, which was covered with a crocheted cloth.

An arrangement of zinnias and wheat heads, balancing figures of straw in the form of a maid, a man and a rooster, were placed before a background of oak leaves and acorns on the buffet.

Mrs. Joe Bush presided at the session, which opened with group singing of "Blessed Assurance". Officer reports were given by Mrs. Tom Farmer and Mrs. Earl Ater. A letter was read from the district office of the Status of Women's Organizations.

The opening session, held in the Hall of Mirrors of the Deshler-Hilton Hotel, honored Mrs. Carroll D. Kearns, president of the National Federation of Republican Women, and the national federation committee chairmen.

Mrs. Glenn Robinson gave a talk on whether women should be accepted as ministers. Mrs. Everett Hoskins, secretary of social relations and church social activities, gave a report.

Mrs. Hoyt Martin and Mrs. Paul Peck were in charge of a program on Korga. Devotionals opened with group singing of a hymn.

Mrs. Mills, assisted by Mrs. Harold Skinner, Mrs. Delbert Remey, Mrs. Oren Wiseup and Mrs. C. P. Clements, served seasonal refreshments.

Mrs. Jones Hosts Friends At Party

Mrs. Josephine Jones of 130 Seyfert Ave. entertained a group of friends in her home with an evening of music, games and refreshments.

Those attending the event included:

Mr. and Mrs. Robert Carpenter, Mr. and Mrs. Bill Genzel, Mr. and Mrs. Lloyd Blue, Mr. and Mrs. Bill Shaffer, Miss Launa Alberry, Miss Mary Jenkins, Miss Barbara Caskey, George Montgomery and the hostess, Mrs. Jones.

well and daughter, Dawn, and Mr. and Mrs. Clyde Bidwell and sons, Joe, Carl and Marion, all of Williamsport Route 1.

Afternoon callers were: Mr. and Mrs. Cecil White and Everett Brooks of Columbus.

Colonists Daughters Conduct Luncheon Session At London

Mrs. Schadel Is Hostess To Group

Mrs. B. A. Schadel of Mt. Sterling was hostess to the Colonel William Ball Chapter of the Daughters of the American Colonists for a luncheon meeting in the DAR Coover House at London.

Following the luncheon hour, Mrs. Richard Hedges, regent, welcomed the members and guests. The meeting was opened in ritualistic form by the regent, assisted by the chaplain, Mrs. O. W. Finley.

The group was led in the pledge of allegiance to the flag of the United States of America by Miss Dhel Renick, flag chairman.

At the close of a business session, Mrs. Orion King read a paper on antique jewelry. She traced the origin and history of adornment from the primitive man to the present day. She showed earings, brooches and a number of other items of jewelry that have been in her family for more than 100 years.

Guests present for the luncheon and meeting were: Mrs. Augusta Kortrecht of Marietta; Mrs. Samuel C. Tootle of Mt. Sterling and Mrs. Byers L. Adair of London.

On their way home from the meeting, Miss Renick, Mrs. Ella Wornbeck and Mrs. King of Circleville; Mrs. Ella Zahn and Mrs. D. E. Starr of Mt. Sterling, and Mrs. Hedges of Ashville called on Mrs. Jesse E. Chance in London. Mrs. Chance is a member of the chapter, who was unable to attend because of a fractured hip.

Homemakers Plan Projects At Atlanta Meet

The Atlanta Home Demonstration group met in the school for a planning session on club activities for the coming year.

Mrs. Joe Bush presided at the session, and announced her resignation from the presidency of the group. Mrs. Charles McConkey, vice president, will assume her duties and an election to fill the vacancy of vice president is scheduled for the next session.

Mrs. Bush and Mrs. McConkey reported on activities of a recent council meeting held in Circleville. A discussion was held on projects for the coming year.

Mrs. Nellie Creighton and Mrs. McConkey were named to represent the group at a training meeting of the county leaders. Calendar books were filled out and literature from the Pickaway County Extension office was read.

All ladies of the Atlanta and New Holland communities are invited to attend the sessions, which are to be held on the first Thursday of the month, with a noon luncheon in the school cafeteria.

Textile painting is to be the project for the next meeting, which will be held from 10 a. m. to 3 p. m. Thursday in the school.

Carle-Redman Engagement Told

Mrs. Jacob Carle of Circleville Route 2 is announcing the engagement of her daughter, Miss Agnes Carle, to James Redman of E. High St.

Miss Carle is a senior student at Williamsport High School.

Mr. Redman, a son of Mr. and Mrs. Raymond Redman of E. High St., is a graduate of Circleville High School, class of 1953. He is employed by the DuPont Company.

No definite date has been set for the wedding.

Ashville School PTA Committee Chairmen Named

A musical program presented by the high school band opened the first meeting of the school year for the Ashville Harrison Parent-Teacher Association.

Devotions were led by the Rev. Emerson Abts of the Ashville Methodist church for the session, which was held in the school auditorium.

Mrs. Stanley Bowers presided at a business meeting, during which plans were made for a Hallowe'en carnival, to be held Oct. 27. Mr. and Mrs. Robert Bausum and Mr. and Mrs. J. E. Courtright were named chairmen of a planning committee for the event.

Mrs. Bowers and Mrs. John Moss were elected as delegates to a state PTA convention, to be held at the Deshler-Hilton Hotel in Columbus.

Mrs. Raymond Lindsey, program chairman, presented Miss Kaye Morrison, who played a piano solo. Miss Barbara Moss gave a report on her experiences at Buckeye Girls' State.

Superintendent John Hardin introduced the faculty of both the elementary and high school. New members are: Miss Dorothy Edwards, William Pangburn, Chun Chow, R. E. Lloyd and Russell Gregg.

Mrs. Bowers announced the chairmen of her standing committees as follows:

Ways and means, Mrs. Edwin Swoyer and Mrs. Conrad Roese; dining room, Mrs. Jack Lemon and Mrs. Donald Wean; cafeteria, Mrs. Roger Hedges, chairman; Mrs. Jack Foreman, treasurer; program, Mr. and Mrs. Raymond Lindsey, and membership, Mrs. Willard Foreman and Miss Nellie Oesterle.

Publicity, Mrs. Stanley Stout; roll call, C. E. Mahaffey; table and chairs, Everett Peters; hospitality, Mrs. Emerson Dum and Mrs. Harry Rife, and dancing lessons, Mrs. Earl Reed and Mrs. Malcolm Rathbun.

Refreshments were served at the close of the evening by the hospitality committee. The next regular business meeting of the group is set for Nov. 17 in the school.

Junior Woman's Harvest Ball Is Attended By 200

Shocks of corn fodder flanked by pumpkins decorated Memorial Hall for the annual Harvest Ball.

World Today

By DON WHITEHEAD
Associated Press
News Analyst

WASHINGTON (AP)—The doorbell ringers in the precincts are the infantry of politics, and the top brass in both the Republican and Democratic parties know they are the troops who can win or lose a close election battle.

And so it is that 13 months before the 1956 presidential election, the political strategists are placing heavy emphasis on better organization at the precinct level.

The Democrats are drafting a program for training precinct workers and strengthening party organization, with Neil Staebler, Michigan real estate operator, directing the job. Staebler is given a large share of the credit for putting together an effective grassroots organization which swept Republicans out of major offices in Michigan last year.

Democratic leaders hope Staebler's plan for inspiring enthusiastic precinct work will be spread through the party. The Staebler idea, in essence, is to make the loyal precinct worker feel he has accomplished something for himself and his country—and that what he has done is appreciated.

One political worker commented recently: "The day has gone when you can give a man at City Hall \$10 on election day, and get the job done. It won't work any more. You've got to attract the right kind of people into the organization and give them a feeling of participation, a feeling of taking part in something that is big and vital to them and to the country. The hope of personal gain is an important element in this work—but it isn't by any means the force that drives most workers."

Staebler has said: "In a loose-jointed organization like a political party, the vigor with which people do their committee and precinct work is determined almost entirely by morale . . . The most important ingredient (of morale) is a sense of significance."

In Michigan, Staebler and other Democratic leaders have seen to it that the spotlight of recognition is turned not only on the leaders—but also on precinct workers who have done an outstanding job. These workers are introduced at the big banquets too and sip the heady wine of applause.

Just what methods the Republicans will use to fire up their precinct workers are not yet clear. But, spurred by President Eisenhower before his illness, they too are paying close attention to their organization.

One new effort in the Republican campaign will be a special drive directed by Clancy Adamy of Mineral, Utah—to enlist new voters into the Republican party and get them into active participation in the party's affairs at the local level.

President Eisenhower in recent weeks is reported to have told GOP National Chairman Leonard Hall: "You can expect an old codger like me to be useful in only a few elections—but if you get a 21-year-old, he'll be around to work for you for years."

Seneca Village Reservoir Dry

ATTICA (AP)—This Seneca County village is in the throes of a water famine caused by the drying up of Honey Creek which supplies the village reservoir and only heavy rains can relieve it.

Two tank trucks are hauling 20,000 gallons of water daily from the Baltimore and Ohio Railroad reservoir at Siam, a mile north of the village.

WASHINGTON (AP)—The doorbell ringers in the precincts are the infantrymen of politics, and the top brass in both the Republican and Democratic parties know they are the troops who can win or lose a close election battle.

And so it is that 13 months before the 1956 presidential election, the political strategists are placing heavy emphasis on better organization at the precinct level.

The Democrats are drafting a program for training precinct workers and strengthening party organization, with Neil Staebler, Michigan real estate operator, directing the job. Staebler is given a large share of the credit for putting together an effective grassroots organization which swept Republicans out of major offices in Michigan last year.

Democratic leaders hope Staebler's plan for inspiring enthusiastic precinct work will be spread through the party. The Staebler idea, in essence, is to make the loyal precinct worker feel he has accomplished something for himself and his country—and that what he has done is appreciated.

One political worker commented recently: "The day has gone when you can give a man at City Hall \$10 on election day, and get the job done. It won't work any more. You've got to attract the right kind of people into the organization and give them a feeling of participation, a feeling of taking part in something that is big and vital to them and to the country. The hope of personal gain is an important element in this work—but it isn't by any means the force that drives most workers."

Staebler has said: "In a loose-jointed organization like a political party, the vigor with which people do their committee and precinct work is determined almost entirely by morale . . . The most important ingredient (of morale) is a sense of significance."

In Michigan, Staebler and other Democratic leaders have seen to it that the spotlight of recognition is turned not only on the leaders—but also on precinct workers who have done an outstanding job. These workers are introduced at the big banquets too and sip the heady wine of applause.

Just what methods the Republicans will use to fire up their precinct workers are not yet clear. But, spurred by President Eisenhower before his illness, they too are paying close attention to their organization.

One new effort in the Republican campaign will be a special drive directed by Clancy Adamy of Mineral, Utah—to enlist new voters into the Republican party and get them into active participation in the party's affairs at the local level.

President Eisenhower in recent weeks is reported to have told GOP National Chairman Leonard Hall: "You can expect an old codger like me to be useful in only a few elections—but if you get a 21-year-old, he'll be around to work for you for years."

Seneca Village Reservoir Dry

ATTICA (AP)—This Seneca County village is in the throes of a water famine caused by the drying up of Honey Creek which supplies the village reservoir and only heavy rains can relieve it.

Two tank trucks are hauling 20,000 gallons of water daily from the Baltimore and Ohio Railroad reservoir at Siam, a mile north of the village.

Churches, Other Groups Quick To Appreciate Scout Program

Boy Scouts in many ways play an important part in the highlight events of Pickaway County, and meanwhile offer a program of great value to young boys throughout the district.

The Boy Scout organization here is one of the five agencies included in the Pickaway County Community Fund drive, now under way on a county-wide basis. Other agencies are Pickaway County Red Cross, Salvation Army, Girl Scouts, and the Pickaway County Youth Canteen.

Boy Scouts in this area are organized in a Pickaway District group.

Pickaway District is a part of the Central Ohio Boy Scout Council. This council makes Scout training available for boys in various organizations. Throughout the country a number of churches have ascribed to the Scout program to be furnished to them for the training and development of their young boys.

Turnpike Records Its First Arrest

ELYRIA (AP)—A 50-year-old man from Brilliant has earned the dubious distinction of being the first motorist punished for driving the wrong way on Ohio's new turnpike.

Lawrence A. Brooks, also convicted of drunken driving, was fined \$150 and sentenced to three days in jail.

Brooks was arrested while driving west on the turnpike's eastbound roadway near the Ohio 57 interchange here.

Two tank trucks are hauling 20,000 gallons of water daily from the Baltimore and Ohio Railroad reservoir at Siam, a mile north of the village.

Monday Defeat Is Hard Blow For Brooklyn

Dodgers See Spooner Shelled Early, Snider Suffer Knee Injury

NEW YORK (AP) — A pair of winning left-handers, aging Tommy Byrne of New York and youthful Johnny Podres of Brooklyn, carried the World Series hopes of their respective clubs today as the Yankees and Dodgers came to grips in the seventh and deciding game for the championship of the world.

The pendulum, which has been swinging back and forth, first favoring one team then the other, definitely had swayed toward the Yankees, in quest of their 17th world title.

Not only did the American Leaguers have the benefit of their own Yankee Stadium, where they have beaten the Brooks three straight, but this time it was the Dodgers who were sorely beset by crippling injuries.

The odds-makers, who have called the turn each of the six previous games when the teams they tabbed as favorites all came through, have made the Yankees 7-5 favorites to win today's game.

The weatherman's prediction was "fair and mild" with the temperature in the low 70s.

This was the second series start for both Byrne and Podres. Byrne, 35, fired a five-hitter to win the second game, and Podres, 23, brought the Brooks back to life with a seven-hitter in the third game.

"I'll have everybody else in the bullpen," vowed Manager Walter Alston of the Dodgers, a statement echoed by Casey Stengel, the Yankee skipper.

Monday's 5-1 Yankee victory, which deadlocked the classic at three victories apiece, was a stunning blow to the Dodgers in more ways than one. Not only was young Karl Spooner shelled from the mound before he could retire two batters, but Duke Snider, the slugging star of the series so far, suffered a severe knee injury which forced him out of the game after only one time at bat.

The center field star, who has hit four home runs in this series, wrenched his left knee while chasing a fly ball hit by Bill Skowron in the third inning. Up to several hours before game time, it was uncertain whether Snider would be in shape to play today.

Jackie Robinson was another Dodger mainstay on the doubtful list. He aggravated a pulled tendon in the back of his left foot and the injury slowed him up on perceptibly Monday.

Alston optimistically expected Snider and Robinson to play.

"If they do, it will be the same lineup that we started today," he said. "If not, we'll have to wait and see."

The Yankees, too, expected to start the same lineup that won Monday. Hank Bauer, back after a three-day layoff because of a leg injury, chipped in with three hits. He said he strained his leg running to first in the fifth inning.

"But I'll play Tuesday," said the hustling outfielder, "even if I have to do it on one leg. I don't want to miss the big one."

Mickey Mantle, the other Yankee convalitant, was not expected to play, according to Manager Stengel, except in a pinch hit role.

The Yankees didn't need any

CHSTigers Aiming For 2nd SCOL Win

Travel To Hillsboro Friday Night; Fumbles Seen Biggest Problem

Circleville's Tigers will be going after their second straight South Central Ohio League win and also their third victory in four starts when they travel to Hillsboro Friday night.

The Tigers narrowly squeaked by supposedly weak Wilmington team last week 14 to 6. Hillsboro's Indians dropped an 18 to 7 decision to Waverly.

Only other SCOL team to post a win was Greenfield McClain which outlasted New Boston 25 to 20. Washington C. H. took it on the

Yogi Berra's Series Play Sets Record

NEW YORK (AP) — Yogi Berra must be wondering what a fellow has to do to get his name in the papers. Whitey Ford, Tommy Byrne and Duke Snider steal the World Series headlines while Yogi jogs along at a .450 pace.

When Ford pitches or Byrne pitches, the reporters come nosing around Berra's locker, asking: "What was his best pitch?" They don't pay too much attention to the Yankee catcher's nine base hits.

It just so happens that Yogi now has caught more World Series games than anybody in the long history of baseball. When he squats behind home plate to receive Byrne's first pitch this afternoon, it will be his 40th game in seven series.

Berra is the only player on either side to hit safely in every game. Snider was right up there with him until he had to retire in yesterday's game with a knee injury after striking out once.

Series play isn't supposed to count in the voting for most valuable player. The ballots are supposed to have been made out before the end of the season. But most of the Yanks will tell you that Yogi should get the big prize for the second straight year.

He said he strained his leg running

to first in the fifth inning.

"But I'll play Tuesday," said the hustling outfielder, "even if I have to do it on one leg. I don't want to miss the big one."

Mickey Mantle, the other Yankee

convalitant, was not expected to

play, according to Manager Stengel,

except in a pinch hit role.

The Yankees didn't need any

help from Mantle Monday as they

struck quickly, knocking Spooner

out with a stunning five run attack

Monday Defeat Is Hard Blow For Brooklyn

Dodgers See Spooner Shelled Early, Snider Suffer Knee Injury

NEW YORK (AP) — A pair of winning left-handers, aging Tommy Byrne of New York and youthful Johnny Podres of Brooklyn, carried the World Series hopes of their respective clubs today as the Yankees and Dodgers came to grips in the seventh and deciding game for the championship of the world.

The pendulum, which has been swinging back and forth, first favoring one team then the other, definitely had swayed toward the Yankees, in quest of their 17th world title.

Not only did the American Leaguers have the benefit of their own Yankee Stadium, where they have beaten the Brooks three straight, but this time it was the Dodgers who were sorely beset by crippling injuries.

The odds-makers, who have called the turn in each of the six previous games when the teams they tabbed as favorites all came through, have made the Yankees 7-5 favorites to win today's game.

The weatherman's prediction was "fair and mild" with the temperature in the low 70s.

This was the second series start for both Byrne and Podres. Byrne, 35, fired a five-hitter to win the second game, and Podres, 23, brought the Brooks back to life with a seven-hitter in the third game.

"I'll have everybody else in the bullpen," vowed Manager Walter Alston of the Dodgers, a statement echoed by Casey Stengel, the Yankee skipper.

Monday's 5-1 Yankee victory, which deadlocked the classic at three victories apiece, was a stunning blow to the Dodgers in more ways than one. Not only was young Karl Spooner shelled from the mound before he could retire two batters, but Duke Snider, the slugging star of the series so far, suffered a severe knee injury which forced him out of the game after only one time at bat.

The center field star, who has hit four home runs in this series, wrenched his left knee while chasing a fly ball hit by Bill Skowron in the third inning. Up to several hours before game time, it was uncertain whether Snider would be in shape to play today.

Jackie Robinson was another Dodger mainstay on the doubtful list. He aggravated a pulled tendon in the back of his left foot and the injury slowed him up perceptibly Monday.

Alston optimistically expected Snider and Robinson to play.

"If they do, it will be the same lineup that we started today," he said. "If not, we'll have to wait and see."

The Yankees, too, expected to start the same lineup that won Monday. Hank Bauer, back after a three-day layoff because of a leg injury, chipped in with three hits. He said he strained his leg running to first in the fifth inning.

"But I'll play Tuesday," said the hustling outfielder, "even if I have to do it on one leg. I don't want to miss the big one."

Mickey Mantle, the other Yankee convalescent, was not expected to play, according to Manager Stengel, except in a pinch hit role.

The Yankees didn't need any

CHSTigers Aiming For 2nd SCOL Win

Travel To Hillsboro Friday Night; Fumbles Seen Biggest Problem

Circleville's Tigers will be going after their second straight South Central Ohio League win and also their third victory in four starts when they travel to Hillsboro Friday night.

The Tigers narrowly squeaked by a supposedly weak Wilmington team last week 14 to 6. Hillsboro's Indians dropped an 18 to 7 decision to Waverly.

Only other SCOL team to post a win was Greenfield McClain which outlasted New Boston 25 to 20. Washington C. H. took it on the

Yogi Berra's Series Play Sets Record

NEW YORK (AP) — Yogi Berra must be wondering what a fellow has to do to get his name in the papers. Whitey Ford, Tommy Byrne and Duke Snider steal the World Series headlines while Yogi jogs along at a .450 pace.

When Ford pitches or Byrne pitches, the reporters come nosing around Berra's locker, asking: "What was his best pitch?". They don't pay too much attention to the Yankee catcher's nine base hits.

It just so happens that Yogi now has caught more World Series games than anybody in the long history of baseball. When he squats behind home plate to receive Byrne's first pitch this afternoon, it will be his 40th game in seven series.

Berra is the only player on either side to hit safely in every game. Snider was right up there with him until he had to retire in yesterday's game with a knee injury after striking out once.

Series play isn't supposed to count in the voting for most valuable player. The ballots are supposed to have been made out before the end of the season. But most of the Yanks will tell you that Yogi should get the big prize for the second straight year.

help from Mantle Monday as they struck quickly, knocking Spooner out with a stunning five run attack before the young southpaw knew what had hit him. Skowron capped the lightning assault with a three-run homer after Yogi Berra and Bauer each had singled over on runner.

After that the game was entirely in the strong left hand of Whitey Ford, who never faltered. He pitched the finest game of the series, and probably his best of the year as he handcuffed the Dodgers with four singles to record his second series triumph. He struck out eight and permitted only four fly balls to be hit to the outfield.

The Dodgers again got fine relief pitching after the game was lost, the third time this has happened. Russ Meyer, the forgotten man of the staff, rushed in after Skowron crashed the ball into the right field seats and blanked the Yanks on four singles in five and two thirds innings. Ed Roebuck added two more scoreless innings in the eighth.

top off your fall apparel with

Pastrano Pressed To Reduce Weight

NEW ORLEANS (AP) — Willie Pastrano may have fought his last fight as a light heavyweight last night when he slashed out a 10-round unanimous decision over rugged Paddy Young of New York.

The 19-year-old New Orleans fighter, the No. 3 challenger, went to the sweat box twice a few hours before the fight to melt off a reluctant 2½ pounds. At that, he hit light heavyweight poundage, only a glancing blow at 17½. Young, rated No. 5, weighed 17½.

The weakness didn't really show. Midway in the first round Pastrano hit Young with a series of lefts and rights to put Young down for a nine and six count.

Suspictions Up That Big 10 Is Overrated

CHICAGO (AP) — Early suspicions that Big Ten football is not all it's cracked up to be were borne out over the weekend in which conference teams were whipped by three of four intersectional foes.

Not only did three teams, including defending champion Ohio State, get beat but all were shut out.

At the same time, Wisconsin stamped itself as a definite contender and possible champion with a rousing 37-14 victory over a supposedly strong Iowa team.

Ohio State, Indiana and Northwestern were humbled by non-con-

ference foes while Illinois upheld some Big Ten prestige with a powerful 40-0 triumph over Iowa State.

Stanford whacked Ohio State, 6-0; Notre Dame battered Indiana, 19-0, and Northwestern bowed before Tulane, 21-0.

Within conference ranks, Michigan, the nation's No. 2 team, edged Michigan State, 14-7, and Purdue was hard pressed in gaining a 7-6 victory over Minnesota, a team which was blasted by Washington, 30-0.

Big Ten teams, however, will get a chance to redeem themselves in two big intersectional games this week. Michigan goes East to test Army, a team gunning for national honors, and Stanford tangles with Michigan State.

Wisconsin and Purdue top the conference schedule with a regionally televised game at Lafayette, while Illinois sends its young speedsters to Ohio State.

Stanky Is Named Miller Manager

NEW YORK (AP) — Eddie Stanky, fiery former St. Louis Cardinal manager, has been hired by the New York Giants to manage their top farm club, the Minneapolis Millers of the Class AAA American Assn.

Stanky, who was ousted as Cardinals' pilot May 28, will succeed Bill Rigney, promoted by the Giants to manage the parent club after Leo Durocher announced his withdrawal as manager Sept. 24.

Stanky, 37, reportedly will be paid \$12,500, the highest managerial figure in the American Assn. He still has one year to go on his St. Louis salary of \$42,500.

Massillon-Canton Joust May Settle Ohio Grid Title

COLUMBUS (AP)—Although the high school grid season is only three weeks old, early indications are that the Ohio title may hinge on the Massillon-Canton McKinley game the afternoon of Nov. 19, at Canton.

Massillon's seven-time state champs clung to the top spot in the Associated Press poll of 30 sports editors today, but Wade Watts' McKinley Bulldogs—showing the state's best offense and defense among the top 10, closed the gap a bit.

A week ago Tom Harp's Tigers led by 41 points on the 10-9-8-etc voting basis, but the edge was only 30 this time and promised to narrow.

McKinley, with a 52-0 conquest of Toledo Scott Saturday night, has piled up 169 points to none for the foe. Previous wins were 71-0 over Cleveland Lincoln, and 46-0 over Warren Harding.

Massillon avenged its lone 1954 loss Friday night with a 22-6 win

over Mel Knowlton's Alliance Aviators, with a crowd of 13,258 looking on.

Several changes popped up in the ratings this week. Third-place Mansfield was dumped to ninth as the Tygers dropped a 13-0 decision to Hamilton, and the Big Blue protégés of Chuck Thackard moved into the vacated spot.

Springfield ran over Portsmouth 32-12 to take fourth, and East Liverpool, winner over unscorched New Philadelphia by a surprising 27-7, moved into fifth. New Philly, seventh last week, dropped to the also-ran list.

Dayton Roosevelt, 33-14 victor over Chaminade, jumped from ninth to sixth, and Columbus East moved up a notch to seventh with a 26-0 triumph over Ironton. Toledo DeVilbiss graduated from 10th to 8th with a 32-7 win over Toledo Waite. Tenth place wound up in a tie between Cleveland Benedictine, 59-7 winner over East Tech, and Youngstown East which dumped

Young Wilmington Driver Wins Pair At Lebanon Oval

LEBANON, Ohio (AP)—Billy Shuter, a harness racing veteran although he's only in his early 20s, picked up four victories at Lebanon Raceway last night.

The Wilmington sulky driver piloted G. Song to a \$43.40 triumph in the third race and Lady In Red to a \$6 win in the seventh. He also handled Lint, the place horse in the fifth.

The A-B-B feature was captured by Wave Bomber, driven by Bob Cheney and owned by C. P. Gengwer, both of Ashland, Ohio. The 5-year-old mare covered the distance in 2:07 and returned \$10, \$5.80 and \$2.80.

First Race, 1 mile, 25-30 trot, \$400 purse—Phyllis Kay (H. Fuller) \$6.00, 3.20, 2.80; My Son Don (C. Snyder) 3.60, 2.60; Blazing Ann (J. Mason) 6.60; Time: 2:15.2.

Second Race, 1 mile, D pace, \$400 purse—Shecanape (L. Bolser) \$8.60, 5.00, 3.00; Duchess Boy (A. Worline) 8.40, 4.00; Vi Adam (G. Sterritt) 5.80; Time: 2:12 4.5.

Daily Double: \$31.40.

Third Race, 1 mile, CC trot, \$450 purse—G. Song (W. Shuter) \$43.40, 1.00, 7.00; Symbol Cole (C. Cox) 3.40, 2.20; Gold Heels (F. Watts) 3.60, 3.60; Senator Way

(A. Edwards) 6.60; Time: 2:09 1.5. Fourth Race, 1 mile, DD pace, \$400 purse—Crest (G. Motley) \$34.00, 9.40, 4.80; Adios Emlyn (J. Louiso) 3.60, 2.80; Morris W. (J. Edwards) 4.20; Time: 2:12 2.5.

Fifth Race, 1 mile, B pace, \$500 purse—Gay Ensign (E. Morgan) \$4.40, 3.00, 3.00; Lint (W. Shuter) 4.20, 2.80; Lady Wick (A. Edwards) 3.20; Time: 2:08 4.5.

Sixth Race, 1 mile, A-B-B trot, \$600 purse—Wave Bomber (R. Cheney) \$10.00, 5.80, 2.80; Felia Hanover (L. Huber Jr.) 8.20, 3.20; Fox Valley Spud (C. Cox) 2.40; Time: 2:07.

Seventh Race, 1 mile, DD pace, \$400 purse—Lady In Red (W. Shuter) \$6.00, 4.00, 3.00; Wiedemann Will (C. Myers) 6.20, 4.00; Mr. H. (R. Thuney) 3.60; Time: 2:12 3.5.

Eighth Race, 1 mile, 24 pace, \$400 purse—On Target (L. Huber Jr.) \$4.80, 3.60, 3.00; Valax (W. Kirk) 9.80, 4.20; Deacon Direct (D. Moon) 3.00; Time: 2:09 1.5.

Massillon-Canton Joust May Settle Ohio Grid Title

COLUMBUS, Ohio (AP)—Although the high school grid season is only three weeks old, early indications are that the Ohio title may hinge on the Massillon-Canton McKinley game the afternoon of Nov. 19, at Canton.

Massillon's seven-time state champs clung to the top spot in the Associated Press poll of 30 sports editors today, but Wade Watts' McKinley Bulldogs—showing the state's best offense and defense among the top 10, closed the gap a bit.

A week ago Tom Harp's Tigers led by 41 points on the 10-9-8-tie voting basis, but the edge was only 30 this time and promised to narrow.

McKinley, with a 52-0 conquest of Toledo Scott Saturday night, has piled up 169 points to none for the tie. Previous wins were 71-0 over Cleveland Lincoln, and 46-0 over Warren Harding.

Massillon avenged its lone 1954 loss Friday night with a 22-6 win

over Mel Knowlton's Alliance Aviators, with a crowd of 13,258 looking on.

Several changes popped up in the ratings this week. Third-place Mansfield was dumped to ninth as the Tygers dropped a 13-0 decision to Hamilton, and the Big Blue protégés of Chuck Thackara moved into the vacated spot.

Springfield ran over Portsmouth 32-12 to take fourth, and East Liverpool, winner over unscorched New Philadelphia by a surprising 27-7, moved into fifth. New Philly, seventh last week, dropped to the also-ran list.

Dayton Roosevelt, 33-14 victor over Chaminade, jumped from ninth to sixth, and Columbus East moved up a notch to seventh with a 26-0 triumph over Ironton. Toledo DeVilbiss graduated from 10th with a 32-7 win over Toledo Waite. Tenth place wound up in a tie between Cleveland Benedictine, 59-7 winner over East Tech, and Youngstown East which dumped

Canton Central Catholic 10-3. The tenth-placers are newcomers to the top 10.

From here and there: Jackson edged Pomeroy in the Southeastern Ohio league 13-12 to run its victory streak to 21 . . . Nelson Owens of Springfield carried the ball seven times against Portsmouth and gained 206 yards— an average of 29.28. He scored twice.

Hamilton gets a look at Massillon's leaders this weekend — at practice. The Tigers have a Friday night date at Cincinnati Elder, will stay Thursday night at Hamilton, work out briefly Friday, and then head for the game scene. That's as close as the first and third-teams will get. Hamilton defeated Elder 13-0 this year.

Halfback Charley Brown, who scored two of Massillon's TD's against Alliance, averaged 13 yards on 10 tries from scrimmage. Alliance, which gave Johnny Borton of Ohio State and Len Dawson of Purdue to the Big Ten, has another good tosser in Ted Davison, and a fine receiver in end Tom Schaefer. Schaefer scored against Massillon on a pass, and caught another for 50 yards.

Here is how Ohio sports editors rated the state's high school grid teams this week. Shown are first place votes, total poll points and scoring record:

Teams Poll Scoring

Massillon (10) 246 98.13
Canton McKinley (4) 216 169.0
Hamilton (2) 170 39.7
Springfield (2) 164 85.19
East Liverpool (4) 143 106.27
Dayton Roosevelt (2) 80 105.26
Columbus East (1) 70 55.6
Toledo DeVilbiss (2) 69 84.26
Mansfield (0) 46 70.19
Cleveland Benedictine (1) 30 112.13
Youngstown East (0) 30 41.1

Others: Toledo Macomber 27, Sandusky 21, Fremont Ross 19, Youngstown Ursuline 19, Shelby 16, Alliance 16, Xenia Central 15, Jackson 15, Lorain 12, Toledo Libbey 11, New Philadelphia 11, Upper Sandusky (1) 10, Logan (1) 10, Sebring 9, Columbus Aquinas 9, Troy 8, Columbus St. Charles 8, Akron East 8, Athens 8, Urbana 7, Nelson 7, Lisbon 7, Akron Buchtel 7, Zanesville 7, Cleveland Rhodes 6, Canton Lehman 6, Xenia Woodrow Wilson 6, Oak Hill 6, Brookfield 6, Cincinnati Purcell 5, Coal Grove 5, Cincinnati 5, Campbell Memorial 5, Akron South 5, Toledo Clay 4, Jackson (Stark) 4, Marion-Franklin 4, Copley 4, Marietta 3, Findlay 3, Springfield Twp. 3, St. Marys 2, Olentangy 2, Warren 2, Middletown Fenwick 2, Lakewood St. Edward 2, Cincinnati Elder 2, Norton 2, Shaker Heights 1, Plymouth 1, Bellevue 1, London 1, Mogadore 1.

Sixth Race, 1 mile, A-BB trot, \$600 purse—Wave Bomber (R. Cheney) \$10.00, 5.80, 2.80; Felia Hanover (L. Huber Jr.) 8.20, 3.20; Cleve. Benedictine (1) 30, 112.13; Youngstown East (0) 30, 41.1.

Seventh Race, 1 mile, DD pace, \$400 purse—Lady In Red (W. Shuter) \$6.00, 4.00, 3.00; Wiedemann Will (C. Myers) 6.20, 4.00; Mr. H. (R. Thuney) 3.60; Time: 2:12.3-5.

Eighth Race, 1 mile, 24 pace, \$400 purse—On Target (L. Huber Jr.) \$4.80, 3.60, 3.00; Valax (W. Kirk) 9.80, 4.20; Deacon Direct (D. Moon) 3.00; Time: 2:09.1-5.

Daily Double: \$31.40.

Third Race, 1 mile, CC trot, \$450 purse—Spencer Chuck (P. Pasley) \$2.80, 2.60, 2.20; Martha Morris (C. Cox) 3.40, 2.20; Gold Heels (F. Newhart) 3.60, 3.60; Senator Way (Watts) 2.20; Time: 2:12.2-5.

Jackson, Pickaway And Darby Post Victories In 6-Man Football

Ashville will try to regain its co-leadership in the county six-man football league as the Broncos from Harrison Township tangle with a stubborn Stoutsville team Saturday night.

This will be the middle game in the triple-header. Walnut's Tigers take on Williamsport in the opener while Darby and Pickaway clash in the finale.

Last week, Jackson's Wildcats clawed into first place by whitewashing Walnut 39 to 0. The Wildcats simply outclassed the Tigers, thanks to some amazing runs by Don Smith. One of Smith's runs was approximately 79½ yards and another 60.

Only six points have been scored against the Wildcats, and that by Darby two weeks ago. Ashville, which drew a bye last week, had six points scored against it in its first two games.

In ALL fairness to Walnut, it must be pointed out that the Tigers have met two tough teams, the other being Pickaway, in its first two encounters. The Tigers, defending champions, are definitely not the team they were last year but are building with each game.

Pickaway's Pirates, hampered by injuries, moved into third place behind Ashville as they struggled to a 12 to 7 win over Stoutsville. Dave Smith, who was one of the Pirates' better halfbacks, suffered a leg injury the week before; and Neil Ecard, one of the top backs in the entire league last year, broke his right thumb in pre-season practice.

The Indians, newcomers to the league as is Darby, are "coming along" fast. Although they have only yielded 20 points in the two games.

Darby's Trojans, after dropping its first two games, finally hit the win column with a 14 to 6 victory over winless Williamsport. The

Quarterback Problem Tops OSU Worries

COLUMBUS (AP)—Ohio State's chief football quizmaster, Coach Woody Hayes, has come up with his own version of the \$64,000 question.

It is: Who will play quarterback for OSU when the Buckeyes take on Illinois Saturday?

Of course, no one is giving away \$64,000 for the answer, but you can bet the Illini, as well as Hayes, are giving it deep thought.

Hayes himself has given a few hints—like all good quizmasters. He told his weekly press conference yesterday the final decision won't be made until Thursday.

It might be Frank Elwood, No. 1 signal caller since spring drills opened, Hayes said. But the Buckeye mentor said he'd also look over Bill Booth and Frank Theis.

"We'll see how the passing game works in practice this week," said Hayes. "That's what will decide it. Right now no one is ahead of anyone else for the job. No one has looked good enough to win it."

As for the fullback post, vacated temporarily by Don Vicic be-

cause of an injured knee suffered in last Saturday's Stanford game, Lee Williams, Galen Cisco and Joe Trivisonno will vie for the job.

"None of them is a Vicic, or they'd have had the job by now," commented Hayes.
